DROID DNA

My Verizon

You're now connected to Verizon 4G LTE. Lightning fast, Lightning strong. For more information, visit verizonwireless.com/4GLTE.

REGISTER at verizonwireless.com/myverizon, to learn how to use your phone.

- Go to **My Verizon**
- Click on **Support**
- Click on **Get Help with Your**
- Click **Device**
- Click on **Select Another Device**

My Verizon allows you to manage your account, pay your bill, purchase accessories & more.

Assistance is at your fingertips anytime at verizonwireless.com.

Customer Service is at your disposal at **1-800-922-0204** or at any Verizon Wireless Store.

A User Guide is available on demand—simply download at support.vzw.com/phones or call **1-800-229-1235** to order a copy.

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Phone Features

WARNING! Please use only an approved charging accessory to charge your device. Improper handling of the charging port, as well as the use of an incompatible charger, may cause damage to your device and void the warranty.

Non-Removable Battery: Phone equipped with internal rechargeable battery. Never attempt to open or disassemble the phone yourself, doing so may cause damage that voids your warranty.

Home Screen

- Swipe your finger left or right to view other Home screen panels.
- Tap **HOME** to view, arrange, remove, or add Home screen panels.
- Missed call, new email, and upcoming event notifications show on the notifications panel. Slide down the panel to see all your notifications.

First Steps

Installing/Removing the SIM Card*
If not already inserted, follow the instructions below to insert your 4G SIM Card.

1. Hold the phone face up and the top panel facing you.
2. Insert the tip of the SIM removal tool into the small hole next to the SIM card tray slot

3. Push the tip all the way into the hole until the SIM card tray ejects.
4. Pull the SIM card tray out, and place the SIM card (contacts facing down) into the tray.

5. Insert the SIM card tray back into the slot.

NOTE: When removing the SIM card, make sure that you insert the empty SIM card tray back into the slot.

*A Subscriber Identity Module (SIM Card) is a "smartcard" that houses personal information, such as your mobile phone number, calling plan, and account information, such as contacts, text messages, and call history. The Verizon Wireless 4G LTE SIM Card is compatible with any Verizon Wireless 4G LTE certified device. The 4G LTE SIM Card can move from one device to another and your wireless service will support the services that are compatible with your new device. To see which devices are compatible with the Verizon Wireless 4G LTE SIM Card, visit verizonwireless.com/certifieddevice.

Charging the Battery

1. Open the USB connector cover.
2. Connect the phone to the AC adapter using the USB cable.

3. Plug the AC adapter into an electrical outlet to start charging.

NOTE: It's important to fully charge the battery before turning on your phone.

Powering Your Phone On or Off

Press and hold the **POWER/LOCK** button for a few seconds until the screen turns on.

To turn it off, unlock the screen, press and hold the **POWER/LOCK** button and then tap **Power off**.

Setting Up Your Phone

When you turn on your phone for the first time, you have the option to quickly set up email accounts, and sign in to social networking sites. Simply follow the onscreen instructions to complete the initial setup of your phone.

For more information visit verizonwireless.com/smartphones. Click **Support** tab, under **Get Help with Your**, click **Device**, then **Select Another Device** for your phone support.

Backup AssistantSM Plus

Backup Assistant and Media Manager are now Backup Assistant Plus. Protect your contacts and access your media when you need it on the go or at home. Go to verizonwireless.com/baplus.

Adding Your Google Account

Now your Gmail, Google contacts, and Google calendar events can all be loaded to your phone automatically.

1. Slide the Notifications panel open, and then tap **Accounts & sync > Google**.

NOTE: If you don't have a Google account, tap **+ > Google Account > New** and follow screen instructions to create one. You can also create a Google account online at google.com.

2. Enter your email address and password, and then tap **Sign in**.

Record your Google account information. Please keep this document in a safe place.

Username: _____@gmail.com
Password: _____

Adding Other Email Accounts

1. Slide the Notifications panel open, and then tap **Accounts & sync**.
2. Tap **+ > Mail**.
3. Enter your email address and password, and then tap **Next**.
4. Follow onscreen instructions and supply all required information.

Locking and Unlocking Your Phone

Prevent accidental key presses by locking your phone.

To lock your phone and turn off the screen, in standby mode, press the **POWER/LOCK** button.

To unlock the phone, press the **POWER/LOCK** button. Drag the ring up the screen to unlock.

Setting Up Your Phone

Selecting a Ringtone

1. Slide the Notifications panel open, and then tap > **Personalize**.
2. Tap the Sound tab at the bottom of the screen, and then tap **Ringtone**.
3. Tap the ringtone you want to use. The ringtone briefly plays when selected.

TIP: If the audio file is in another folder on your phone, tap , select the item you want to import, and then tap **OK**.

Making a Call

On the Home screen, tap , and then do one of the following:

- Dial the number, and then tap **Call**.
- Tap the **People** tab, press and hold the contact you want to call, and then tap **Call mobile**.

NOTE: The available options depend on the information you saved for the contact.

Receiving a Call

Tap **Answer**.
Or if the screen is off, it will turn back on and show the lock screen. Drag the ring up the screen to answer the call.

Setting Up Voice Mail

1. On the Home screen, tap .
2. Dial ***86 (*VM)** and tap **Call**. If you hear a greeting, tap **#** to interrupt, and follow the setup tutorial.

Accessing Voice Mail

From your phone—dial ***86** and tap **Call**.
When you hear the greeting, tap **#** to interrupt, follow the prompts.

From any phone—dial your wireless number. When you hear the greeting, press **#** to interrupt, follow the prompts.

NOTE: Voice mailboxes not set up within 45 days will be canceled. Your voice mailbox is not password protected until you create a password by following the setup tutorial.

Using Visual Voice Mail

View a list of messages without dialing into a mailbox. Listen or erase with the touch of a button.

1. If you are a new Verizon Wireless subscriber, first dial ***86** to set up your voice mail service.
2. On the Home screen, tap **Voice Mail** .
3. Tap **Visual Voice Mail** and follow the prompts to download it for future use.

Please note that it may take five minutes for Visual Voice Mail to set up. Your password and voice mail messages will be stored on the phone and messages will be available to anyone with access to the phone.
To limit unauthorized access to the voice mail, consider locking the phone when not in use. To cancel your Visual Voice Mail service, go to verizonwireless.com/myverizon or contact Customer Service. V Block must be removed to use Visual Voice Mail. Data charges apply only to the application download, which requires approximately 1 MB of data.

Connecting a Bluetooth® Device

1. Slide the Notifications panel open, and then tap .
2. Tap the **Bluetooth On/Off** switch, and then tap **Bluetooth**.
3. Tap the name of the Bluetooth device in the list. Your phone then automatically tries to pair with the device.
4. If automatic pairing fails, enter the passcode supplied with the Bluetooth device.

Capturing Photos and Videos

With cutting-edge camera features embedded in your phone, you can capture stunningly clear photos and videos anytime.

Taking a Photo

1. On the Home screen, tap **Camera** . If the screen is locked, drag to the ring to launch the Camera app.

2. Point the camera at what you want to capture. The camera adjusts the focus automatically as you move it.
3. When you're ready to take the photo, tap or tap anywhere on the screen.

Capturing Video

1. On the Home screen, tap **Camera** . If the screen is locked, drag to the ring to launch the Camera app.
2. Point the camera at what you want to record, and then tap . The camera instantly starts recording.
3. When you're done recording, tap .

Sounding Better

The HTC Music app keeps all your music sources and services in one place. While Beats Audio™ integration gives you a rich, authentic sound experience, whether you're listening to music, watching a YouTube® video, or playing a game.

Apps & More

Play it up with music, ringtones, wallpapers, apps and games. Keep up with Twitter™ and Facebook. For details and pricing, go to verizonwireless.com.

Data charges may apply.

Installing Apps

More than hundreds of thousands of apps are available to download from **Google Play**.

1. On the Home screen of your phone, tap **Play Store** > **Apps**.
2. Navigate or search for the item you want to download and then select it.
3. On the application details screen, tap **Download** (for free apps) or tap the price (for paid apps).
4. Follow screen instructions to download and install the app.

Google Now

Do you want to know the weather or your morning commute time before you start your day? Google Now delivers quick and up-to-date information that matters to you—all without the search.

To get Google Now, log in to your Google account and then tap the Google search bar on the Home screen.

Verizon Tones

Search, preview, purchase and manage ringback tones and ringtones from your favorite artists all in one place.

On the Home screen of your phone, tap > **Verizon Tones**.

For more information, go to verizonwireless.com/mediastore.

Media Store

Find apps for entertainment, travel, productivity, navigation, ringback tones, ringtones, games, wallpaper and more. Go to verizonwireless.com/mediastore.

Email

Check email on the go with popular Internet-based email accounts, including Yahoo!® Mail, AOL® Mail, Gmail®, Windows Live® Hotmail® and Verizon.net.

Mobile Web

Take the Internet on the go. You can reach the latest news, get the weather and follow your stocks. Enjoy HTML5 content and no more panning left and right. The web browser's text reflow automatically adjusts text to the width of your screen.

On the Home screen of your phone, tap **Internet** .

Verizon SafeGuards

Family and Safety Apps & Services. Get the most robust parental controls. Go to verizonwireless.com/safeguards.

My Verizon Mobile

Use My Verizon Mobile to access your Verizon Wireless account right on your phone. View your call, messaging, and data usage, check and pay your bill, and more.

Global Ready™

Verizon Wireless keeps you connected around the corner and around the world. For up-to-date information on destinations and rates go to verizonwireless.com/tripplanner.

On the Home screen of your phone, tap **Internet** .

Location Based Services

This phone can determine its location, which is useful for services such as navigation, shopping and weather. For your safety, it's defaulted to only acquire your location when you dial 911. To use Location Based Services, go to Settings > Location.

Your wireless device can determine its (and your) physical, geographical location ("Location Information") and can associate Location Information with other data. Additionally, certain applications, services and programs are capable of accessing, collecting, storing and using Location Information and disclosing Location Information to others. You should use caution when determining whether or not Location Information should be made available to others and you should review any applicable third party policies before providing access. To limit potential unauthorized access to your Location Information, Verizon Wireless offers various mechanisms and settings to manage access to location data. By enabling location settings you are permitting third party access to Location Information through software, widgets or peripheral components you choose to download, add or attach to your wireless device or through web access, messaging capabilities or other means and you are authorizing Verizon Wireless to collect, use and disclose your Location Information as appropriate to provide you with any location services that you enabled.

VZ Navigator®

Get premium GPS voice navigations and 3D maps with spoken real-time traffic alerts. Find movie times, event info and gas stations. Go to verizonwireless.com/navigator.

Share Content Using NFC*

Don't wait to share that perfect vacation photo or that really cool blog you wrote. Use NFC to instantly share a photo, website, or contact information to other NFC-enabled device.

*Near field communication

1. Slide the Notifications panel open, and then tap .
2. Under Wireless & networks, tap **More**, and then select the **NFC** option.
3. Tap **Android Beam** and then tap the **Android Beam On/Off** switch.
4. Open the photo, website, or contact you want to share.
5. Place your phone back to back with the other NFC-enabled device, and then tap the screen to share what you're viewing.

Getting the Most of Your Phone

Explore the functions and features of your phone right at the palm of your hand.

On the Home screen, tap > **Help**, and then tap **Tips & Help** to download the latest How-tos and Show Me videos.

Tips & Help has all the information you need to make the most out of your phone.

Customer Information

Your Wireless Device and Third Party Services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this wireless device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this wireless device or any non-Verizon Wireless applications, services and products including any personal information you choose to use, submit or share with others. Specific third party terms and conditions, terms of use, and privacy policies shall apply. Please review carefully all applicable terms and conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing Aid Compatibility Information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Consult your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, consult your service provider or phone retailer.
