Health and Safety Precautions	
Please read these simple guidelines. Not following them may be dangerous or illegal.	
SAR Compliance	
<ul style="list-style-type: none"> Your phone is designed not to exceed the limits of emission of radio waves recommended by international guidelines. SAR (specific absorption rate) is the measurement of body-absorbed RF quantity when the phone is in use. SAR value is ascertained according to the highest RF level generated during laboratory tests. The SAR value of the phone may depend on factors such as proximity to the network tower, use of accessories or other accessories. The highest SAR value of the device at the head and body are below 1.6W/kg respectively averaged over 1 gm of human tissue. 	
SAR Recommendations	
<ul style="list-style-type: none"> Use a wireless hands-free system (headphone, headset) with a low power Bluetooth emitter. Please keep your calls short and use SMS whenever more convenient. This advice applies especially to children, adolescents and pregnant women. Prefer to use your cell phone when the signal quality is good. People having active medical implants should preferably keep the

cell phone at least 15 cm away from the implant.	
<ul style="list-style-type: none"> Maintain a preferable distance of 15 mm from the device. 	
Safe Driving	
<ul style="list-style-type: none"> Do not use the phone while driving. When you have to use the phone, please use the personal hands-free kit. Please do not put the phone onto any passenger seat or any place from which it may fall down in case of vehicular collision or emergency braking. 	
Driving Flight	
<ul style="list-style-type: none"> Flight is influenced by interference caused by the phone. It is illegal to use a phone on the airplane. Please turn off your phone during a flight. 	
In Hospital	
<ul style="list-style-type: none"> Your Phone's radio waves may interfere with the functioning of inadequately shielded medical devices. Consult a physician or the manufacturer of the medical device to determine whether they are adequately shielded from external Radio Frequency. Switch off your device when regulations posted instruct you to do so. <ul style="list-style-type: none"> To avoid potential interference with implanted medical devices such as a pacemaker or cardioverter defibrillator: <ul style="list-style-type: none"> Always keep your phone at least 15.3 centimeters (6 inches) from the medical device. Do not carry the device in chest pocket. Turn off the phone if there is any reason to suspect that interference is taking place. Follow the manufacturer directions for the implanted medical device. 	
22

11.2. Phone settings	
16	

KKT20i User Manual	LAVA
<ul style="list-style-type: none"> If you have any questions about using your wireless device with an implanted medical device, consult your health care provider. 	
Unsafe Areas	
<ul style="list-style-type: none"> Please turn off your phone when you are close to a gas station or in the vicinity of any place where fuel and chemical preparations, or any other dangerous goods are stored. 	
Taking Care of Your Device	
Your device is a product of superior design and craftsmanship and should be handled with care: The following suggestions will help you protect your phone: <ul style="list-style-type: none"> Keep the device dry. Precipitation, humidity, and all types of liquids or moisture can contain minerals that will rust electronic circuits. If your device does get wet, remove the battery without turning on the device, wipe it with a dry cloth and take it the service center. Do not store the device in high or cold temperature. High temperatures can shorten the life of electronic devices and damage batteries. Do not use or store the device in dusty, dirty areas. Its moving parts and electronic components can be damaged. Do not attempt to open the device other than as instructed in this guide. Repairing this phone by yourself other than our authorized service agents/centers goes against the warranty rules. Do not drop, knock, or shake the device. Rough handling can break internal circuit boards and fine mechanics. Do not use harsh chemicals, cleaning solvents, or strong detergents 	
23	

KKT20i User Manual	LAVA
