Touch and hold text content to bring up the magnifying glass, and then slide your finger to move the insertion points. Then tap to cut, copy, or paste. It is very easy to copy text from web pages, email, or text messages.

Map

You can view satellite images or street maps with detailed route instructions just as you are walking in the street. The Map app can be used to locate yourself, view real-time traffic conditions, pedestrian, bus routes or car driving route instructions.

Extending Battery Life

Few points to improve battery life.

- Turn OFF radio services i.e. Wi-Fi, Bluetooth and GPS, when not needed.
- Keep screen brightness on Auto Mode.
- Use Bluetooth tethering or USB tethering (when you have a cable) instead of portable Wi-Fi hotspot to share your phone's data service.
- From the home screen, hold the menu key to close the recent apps running in background.

Note:

Due to non-usage of Phone for long time battery may be drained out and it needs to be connected with charger and allow battery to charge about 30-40 minutes in off state. If still the problem persists, suggested to visit the nearest Device Care Centre.

Correct disposal

- Do not dispose off your mobile and its battery in fire.

- Do not dispose your mobile with the regular waste.
- For proper disposal please contact customer care.

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste. This product is RoHS compliant.

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste.

Safety information

Read all safety information before using the device to ensure safe and proper use.

Warning

Following the warning information provided below to prevent incidents such as fire or explosion

- Do not expose the device to physical impact or damage.
 - Do not carry your device in your back pockets or on your waist.
 - Store spare batteries in an appropriate protective case.
- Use manufacturer-approved batteries, chargers, accessories, and supplies
- Prevent the multipurpose jack and battery terminals from contacting conductive elements, such as metal or liquids.
- Do not touch the device with wet hands. Also, do not use the device in humid environments, such as rest rooms, or

during water-based activities, such as swimming.

- If any part of the device is cracked or broken, or if the device becomes very hot, stop using the device immediately and take it to a Reliance Service Centre.
- Do not turn on or use the device when the battery compartment is exposed

Specific Absorption Rate (SAR)

Certification information

Precautions:

Use a wireless hands-free system
(headphone, headset) with a low power
Bluetooth emitter

Make sure the cell phone a low SAR

Keep your calls short or send a text
message (SMS) instead. This advice applies
especially to children, adolescents and
pregnant women.

Use cell-phone when signal quality is good.

People having active medical implants
should preferably keep the cell phone at
least 15cm from the implant

THIS DEVICE MEETS INTERNATIONAL
GUIDELINES FOR EXPOSURE TO RADIO
WAVES.

Your mobile is designed not to exceed the
limits for exposure to radio waves
recommended by international guidelines.
The guidelines were developed by an

Independent scientific organization (ICNIRP) and include a substantial safety margin designed to assure the safety of all persons, regardless of age and health

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR, The SAR limit for mobile devices is 1.6W/Kg.

The highest SAR values under the ICNIRP guidelines for this device model are:

Maximum SAR for this model and Conditions under Which it was recorded	
Head SAR	1.194W/kg
Body-worn SAR	1.420W/kg

Body-worn SAR testing has been carried out

at a separation distance of 1.5 cm. To meet RF exposure guidelines during body-worn operation, the device should be positioned at least this distance away from the body
