# e-MANUAL

**ASUS**

## **COPYRIGHT INFORMATION**

No part of this manual, including the products and software described in it, may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language in any form or by any means, except documentation kept by the purchaser for backup purposes, without the express written permission of ASUSTeK COMPUTER INC. ("ASUS").

ASUS PROVIDES THIS MANUAL "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL ASUS, ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF USE OR DATA, INTERRUPTION OF BUSINESS AND THE LIKE), EVEN IF ASUS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES ARISING FROM ANY DEFECT OR ERROR IN THIS MANUAL OR PRODUCT.

Products and corporate names appearing in this manual may or may not be registered trademarks or copyrights of their respective companies, and are used only for identification or explanation and to the owners' benefit, without intent to infringe.

SPECIFICATIONS AND INFORMATION CONTAINED IN THIS MANUAL ARE FURNISHED FOR INFORMATIONAL USE ONLY, AND ARE SUBJECT TO CHANGE AT ANY TIME WITHOUT NOTICE, AND SHOULD NOT BE CONSTRUED AS A COMMITMENT BY ASUS. ASUS ASSUMES NO RESPONSIBILITY OR LIABILITY FOR ANY ERRORS OR INACCURACIES THAT MAY APPEAR IN THIS MANUAL, INCLUDING THE PRODUCTS AND SOFTWARE DESCRIBED IN IT.

Copyright © 2015 ASUSTeK COMPUTER INC. All Rights Reserved.

## **LIMITATION OF LIABILITY**

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

## Conventions used

To highlight key information in this manual, some text are presented as follows:

---

**IMPORTANT!** This message contains vital information that must be followed to complete a task.

---

---

**NOTE:** This message contains additional information and tips that can help complete tasks.

---

---

**CAUTION!** This message contains important information that must be followed to keep you safe while performing tasks and prevent damage to your ASUS Tablet data and components.

---

## Care and safety

### Guidelines

Road safety comes first. We strongly recommend not to use your device when driving or operating any type of vehicle.

This device should only be used in environments with ambient temperatures between 0°C (32°F) and 35°C (95°F).

Turn off your device in restricted areas where the use of mobile devices is prohibited. Always obey rules and regulations when in restricted areas, such as, in aircraft, movie theater, in hospitals or near medical equipment, near gas or fuel, construction sites, blasting sites and other areas.

Use only AC adapters and cables approved by ASUS for use with this device. Refer to the rating label on the bottom of your device and ensure that your power adapter complies with this rating.

Do not use damaged power cables, accessories, and other peripherals with your device.

Keep your device dry. Do not use or expose your device near liquids, rain, or moisture.

You can put your device through x-ray machines (such as those used in conveyor belts for airport security), but do not expose the device to magnetic detectors and wands.

The device screen is made of glass. If the glass gets broken, stop using the device and do not touch the broken glass parts. Immediately send device for repair to ASUS-qualified service personnel.

Do not listen at high volume levels for long periods to prevent possible hearing damage.

Disconnect the AC power before cleaning your device. Use only a clean cellulose sponge or chamois cloth when cleaning your device screen.

Send device for repair to ASUS-qualified service personnel only.

## Proper disposal

Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.

Do not throw your device in municipal waste. This product has been designed to enable proper reuse of parts and recycling. The symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

Do not throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

DO NOT throw the device in fire. DO NOT short circuit the contacts. DO NOT disassemble the device.

# Get your Zen ready!

# 1

## Parts and features

Take a hold of your device and have it up and running in a jiffy.

**IMPORTANT!** Keep the device, particularly the touch screen, dry all the time. Water or other liquids can cause the touch screen to malfunction.

**NOTE:** The bottom side may vary in appearance depending on model.

## Installing a memory card

Your ASUS Tablet supports a microSD™, microSDHC™, and microSDXC™ memory card with up to 64 GB of capacity.

---

**NOTE:** Some memory cards may not be compatible with your ASUS Tablet. Ensure that you use only compatible memory cards to prevent loss of data, damage to your device, or memory card, or both.

---

---

**CAUTION!** Be extra careful when handling a memory card. ASUS is not responsible for any data loss or damage incurred to your memory card.

---

To install a memory card:

1. Orient your device as shown, then locate the groove and open the card slot.

---

**CAUTION!**

- Be careful not to damage the back cover or injure your fingernails when you remove the cover.
  - Do not forcibly remove, shear, or distort the back cover.
- 

2. Align and insert a memory card into the memory card slot.
3. Push the memory card all the way into the slot until it is seated firmly in place.

4. Put back the card slot cover.

---

**NOTE:** After installing a formatted memory card, you can access its contents from **ASUS > File Manager > Internal storage > sdcard**.

---

## Removing a memory card

---

### CAUTION!

- Be extra careful when handling a memory card. ASUS is not responsible for any data loss or damage incurred to your memory card.
  - Eject the memory card properly to safely remove it from device. To eject the memory card, go to **Home > All Apps > Settings > Storage > Unmount external storage**.
- 

To remove a memory card:

1. Orient your device as shown, then locate the groove and open the card slot.

---

### CAUTION!

- Be careful not to damage the back cover or injure your fingernails when you remove the cover.
  - Do not forcibly remove, shear, or distort the back cover.
- 

2. Press the memory card to eject, then pull it out.

3. Put back the card slot cover.

## Installing a micro SIM card (on selected models)

Your micro SIM card slot supports LTE, WCDMA and EDGE/GSM bands.

---

**NOTE:** To prevent connector damage, ensure to use a standard micro SIM card without a SIM adapter or the use of a cutter.

---

---

**CAUTION!** Be extra careful when handling a micro SIM card. ASUS is not responsible for any data loss or damage incurred to your micro SIM card.

---

To install a micro SIM card:

1. Orient your device as shown, then locate the groove and open the card slot.

---

**CAUTION!**

- Be careful not to damage the back cover or injure your fingernails when you remove the cover.
  - Do not forcibly remove, shear, or distort the back cover.
- 

2. Align and insert a micro SIM card into the micro SIM card slot.
3. Push the micro SIM card all the way into the slot until it is seated firmly in place.

4. Put back the card slot cover.

## Removing a micro SIM card (on selected models)

**CAUTION!** Be extra careful when handling a micro SIM card. ASUS is not responsible for any data loss or damage incurred to your micro SIM card.

To remove a micro SIM card:

1. Orient your device as shown, then locate the groove and open the card slot.

**CAUTION!**

- Be careful not to damage the back cover or injure your fingernails when you remove the cover.
- Do not forcibly remove, shear, or distort the back cover.

2. Press the micro SIM card to eject, then pull it out.

3. Put back the card slot cover.

## Charging your ASUS Tablet

Your ASUS Tablet comes partially charged but you must charge it fully before using it for the first time. Read the following important notices and cautions before charging your device.

---

### IMPORTANT!

- Use only the bundled AC power adapter and micro-USB cable to charge your ASUS Tablet. Using a different AC power adapter and cable may damage your device.
- Peel off the protective film on the AC power adapter and micro-USB cable before using it with your device.
- Ensure to plug the AC power adapter to a compatible power outlet. You can plug the AC power adapter to any compatible 100~240 V outlet.
- The output voltage of the AC power adapter for this device is DC 5.2V, 1.35A.
- When using your ASUS Tablet while plugged-in to a power outlet, the power outlet must be near your device and easily accessible.
- Do not use or expose your ASUS Tablet near liquids, rain, or moisture.
- Do not use your ASUS Tablet near heating equipment or in places where there is likelihood of high temperature.
- Keep your ASUS Tablet away from sharp objects.
- Do not place objects on top of your ASUS Tablet.

---

### CAUTION!

- While charging, your ASUS Tablet can become warm. This is normal, however, if your device becomes unusually hot, disconnect the micro-USB cable from your device and send the device, including the AC power adapter and cable to an ASUS-qualified service personnel.
  - To prevent any damage to your ASUS Tablet, AC adapter, or micro-USB cable. Ensure that the micro-USB cable, AC adapter, and your device are connected properly before charging.
-

To charge your ASUS Tablet:

1. Connect the micro USB cable to the AC power adapter.
2. Plug the AC power adapter to a grounded power outlet.
3. Connect the micro USB cable to your ASUS Tablet.

---

**IMPORTANT!**

- Charge your ASUS Tablet for eight (8) hours before using it in battery mode for the first time.
- The status of battery charge is indicated by the following icons:

- 
4. When fully-charged, disconnect the USB cable from your ASUS Tablet first before unplugging the AC power adapter from the power outlet.

---

**NOTE:**

- You can use your device while charging but it may take longer to fully charge the device.
  - Charging your device via USB port of a computer may take longer to fully charge the device.
  - If your computer does not provide enough power for charging via USB port, charge your ASUS Tablet using the AC power adapter plugged to a power outlet instead.
-

## Turning your ASUS Tablet on or off

### Turning your device on

To turn your device on, press and hold the power button until your device vibrates and starts up.

### Turning your device off

To turn your device off:

1. If your screen is turned off, press the power button to turn it on. If your screen is locked, unlock the device screen.
2. Press and hold the power button, then when prompted, tap **Power off** then tap **OK**.

### Sleep mode

To put your device in sleep mode, press the power button once until the screen turns off.

## Basics

Explore the intuitive simplicity of ASUS Zen UI!

ASUS Zen UI is a charming and intuitive interface exclusively for ASUS Tablets. It provides you with special apps, which are integrated in or with other apps, to fit your unique individual needs and make your life easier while letting you have fun with your ASUS Tablet.

### [ASUS Support](#)

Find answers from FAQs (Frequently Asked Questions) or provide your feedbacks in the user forum.

### [Camera](#)

With PixelMaster technology, capture those precious moments in vivid and high-quality photos and videos.

### [Do It Later](#)

Get hold and act on your important emails, SMS messages, interesting websites, or other important tasks when it is more convenient for you to do so.

### [ZenLink](#)

Get maximum productivity from ZenLink, which comprises of Remote Link, Share Link and PC Link apps. Use any of these apps to connect with other devices for sharing and receiving files.

---

**NOTE:** Availability of the ZenLink apps vary with ASUS Tablet models.

---

---

**NOTE:** Availability of ASUS Zen UI apps vary per region and ASUS Tablet model. Tap  from your Home screen to check the apps available on your ASUS Tablet.

---

## Starting for the first time

When you turn your ASUS Tablet on for the first time, Setup Wizard will guide you through the setup process. Follow the onscreen instructions to select your language, select input methods, set up your mobile network, Wi-Fi, sync accounts, and configure your location services.

Use your Google or ASUS account to set up your device, if you do not have a Google or ASUS account yet, go ahead and create one.

## Google Account

Using a Google Account allows you to fully utilize these Android OS features:

- Organize and see all your information from anywhere.
- Automatically backup all your data.
- Leverage Google services conveniently from anywhere.

## ASUS Account

Having an ASUS Account gets you to enjoy the following perks:

- Personalized ASUS support service and warranty extension for registered products.
- Free 5 GB of Cloud storage space.
- Receive the latest device and firmware updates.

---

**NOTE:** You can also use the Setup Wizard to reconfigure your device, any time at your convenience. From the Home screen tap  > **Setup Wizard**.

---

## Battery power conservation tips

The battery charge is the lifeline of your ASUS Tablet. Here are some battery power conservation tips that help preserve the power of your ASUS Tablet's battery.

- Close all running apps that are not in use.
- When not in use, press the power button to put the device in sleep mode.
- Set audio to Smart Mode.
- Decrease brightness of display.
- Keep the speaker volume to a low level.
- Disable Wi-Fi feature.
- Disable Bluetooth feature.
- Disable GPS.
- Disable the screen auto-rotate feature.
- Disable all auto-sync features in your device.

## Using the touchscreen

Use these gestures on the touchscreen to launch apps, access some settings, and navigate your ASUS Tablet.

### Launching apps or selecting items

Do any of the following:

- To launch an app, simply tap on it.
- To select an item such as in File Manager app, simply tap on it.

### Moving or deleting items

Do any of the following:

- To move an app or widget, tap and hold then drag it to the location where you want it to be.
- To delete an app or widget from the Home screen, tap and hold then drag it to  **Remove**.

## Moving through pages or screens

Do any of the following:

- Swipe your finger to the left or to the right to switch between screens or to flip through a Gallery of images.
- Scroll your finger up or down to go through web pages or list of items.

## Zooming in

Spread apart your two fingers on the touch panel to zoom in an image in Gallery or Maps, or zoom in a web page.

## Zooming out

Bring together your two fingers on the touch panel to zoom out an image in Gallery or Maps, or zoom out of a web page.

# There's no place like Home

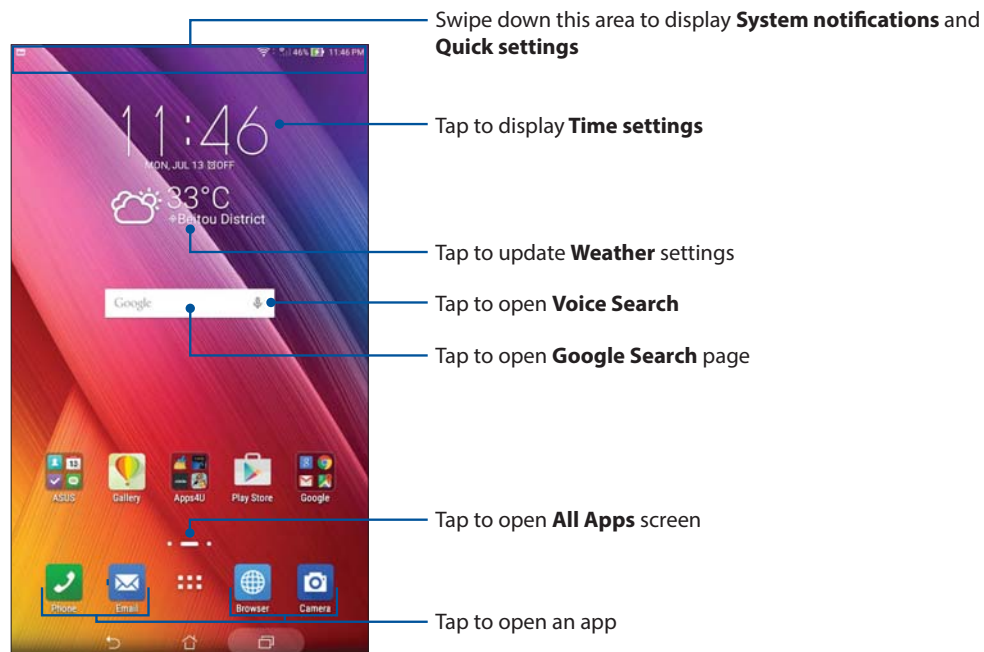

# 2

**NOTE:** Actual apps shown onscreen may vary per model. The following screenshots are for reference only.

## Zen Home features

### Home screen

Get reminders of important events, app and system updates, weather forecasts, and text messages from people who really matter to you, right from your Home screen.

Swipe the Home screen to the left or right to display the extended Home screen.

**NOTE:** To add more pages to your Home screen, see [Extended Home screen](#).

## Understanding notification icons

These icons are shown on the status bar and will guide you of the current status of your ASUS Tablet.

	<b>Mobile network (on selected models)</b> Shows the signal strength of your mobile network.
	<b>Messages</b> Shows that you have an unread message.
	<b>Wi-Fi</b> Shows the signal strength of your Wi-Fi connection.
	<b>Battery life</b> Shows the battery status of your ASUS Tablet.
	<b>MicroSD card</b> Shows that a microSD card is inserted in your ASUS Tablet.
	<b>Screenshots</b> Shows that you took screenshots of your ASUS Tablet.
	<b>Airplane mode</b> Shows that your ASUS Tablet is on Airplane mode.
	<b>Wi-Fi Hotspot</b> Shows that Wi-Fi hotspot of your ASUS Tablet is enabled.
	<b>Mute mode</b> Shows that Mute mode is enabled.
	<b>Vibrate mode</b> Shows that Vibrate mode is enabled.
	<b>Download status</b> Shows the download status of an app or file.

## Personalizing your Home screen

Stamp your own personality on your Home screen. Select an attractive design as your wallpaper, add shortcuts for quick access to your favorite apps, and add widgets for a quick review of important info. You can also add more pages so you can add and quickly access or view more apps or widgets on your Home screen.

### App shortcuts

App shortcuts make it easier to quickly-access your often-used or favorite apps from your Home screen. You can add, remove, or group your apps into one folder.

### Adding app shortcuts

Add shortcuts to quickly access your often-used apps right from your Home screen.

1. Tap and hold an empty area on your Home screen and select **Apps & Widgets**.
2. From the All Apps list, tap and hold an app, then drag it to an empty area on your Home screen.

### Removing app shortcuts

From your Home screen, tap and hold an app, then drag it to  **Remove** on top of your screen. The app that you've removed from your Home screen will remain in the All Apps screen.

## Grouping your app shortcuts in a folder

Create folders to organize your app shortcuts on your Home screen.

1. On your Home screen, tap and drag an app onto another app and a folder will appear.
2. Tap the new folder and tap **Unnamed Folder** to assign a name to this folder.

## Widgets

You can put widgets, which are small dynamic apps, on your Home screen. Widgets provide you with quick-views of the weather forecast, calendar events information, battery status, and more.

## Adding widgets

To add a widget:

1. Tap and hold an empty area on your Home screen and select **Apps & Widgets**.
2. From the Widgets screen, tap and hold a widget, then drag it to an empty area on your Home screen.

## Removing widgets

From your Home screen, tap and hold a widget, then drag it to  **Remove** on top of your screen.

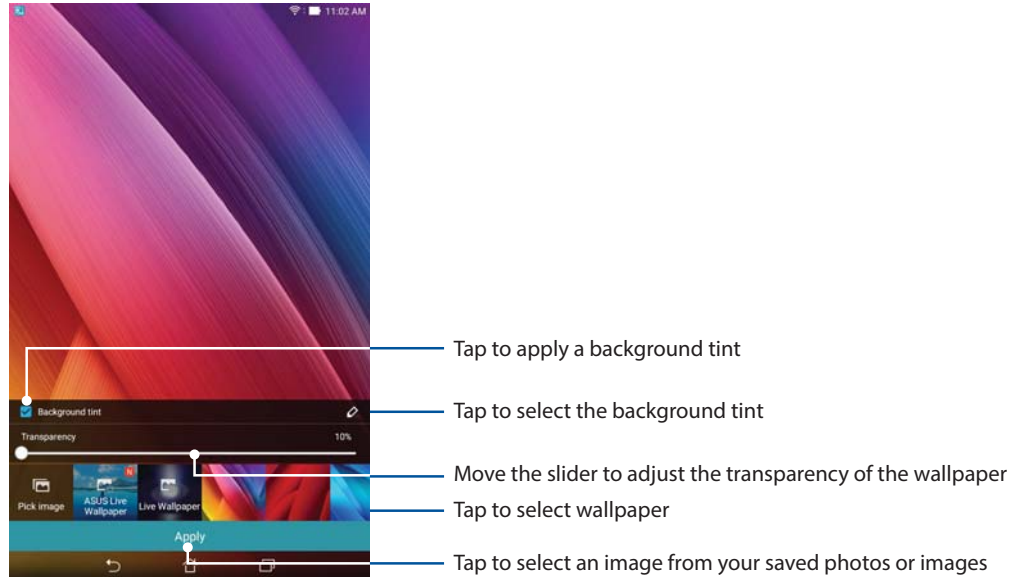

---

**NOTE:** You can also tap  on your Home screen to view All Apps and Widgets.

---

## Wallpapers

Let your apps, icons, and other Zen elements sit on an attractively designed wallpaper. You may add a translucent background tint to your wallpaper for readability and clarity. You can also select an animated wallpaper to make your screen come alive.

## Applying wallpaper and background tint

To apply wallpaper and background tint:

1. Tap and hold an empty area on your Home screen and select **Wallpapers**.
2. Select where you want your wallpaper: on your **Home screen**, **Lock screen**, or **Home screen and Lock screen**. If you do not want to add a background tint to your wallpaper, skip to step 5.
3. Tick **Background tint**, then adjust the transparency level.
4. Tap  then select a color.
5. Select a wallpaper, then tap **Apply**.

## Applying an animated wallpaper

To apply an animated wallpaper:

1. Tap and hold an empty area on your Home screen and select **Wallpapers**.
2. Select where you want your wallpaper: on your **Home screen**, or **Home Screen and Lock screen**.
3. Select an animated wallpaper, then tap **Apply**.

---

**NOTE:** You can also set up your wallpaper settings from  > **Settings** > **Display**.

---

## Extended Home screen

### Extending your Home screen

You can add more pages to extend your Home screen and put more app shortcuts and widgets on it.

1. Tap and hold an empty area on your Home screen and select **Edit page**.
2. Tap  to add a new page. If you wish to delete an extended Home screen, select then drag and drop it into .

## Setting up the date and time

By default, the date and time displayed on your Home screen automatically syncs when you are connected to the internet.

To change the date and time settings:

1. Launch the Settings screen by doing any of the following:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Scroll down the **Settings** screen and select **Date & time**.
3. Uncheck **Automatic date & time**.
4. Select the time zone and manually set the date and time.
5. You can opt to use the 24-hour format, if you prefer.
6. Select the date format that you want to display.

---

**NOTE:** See also [Clock](#).

---

## Setting up your ringtone and alert sounds

Set up the sound for your notifications such as messages, emails, and event alerts. You can also choose to enable or disable the touch sounds or screen lock sound.

To set up the sound settings:

1. Launch the Settings screen by doing any of the following:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Scroll down the Settings screen and select **Sound & notification**.
3. Set up your preferred sound settings.

## Quick settings

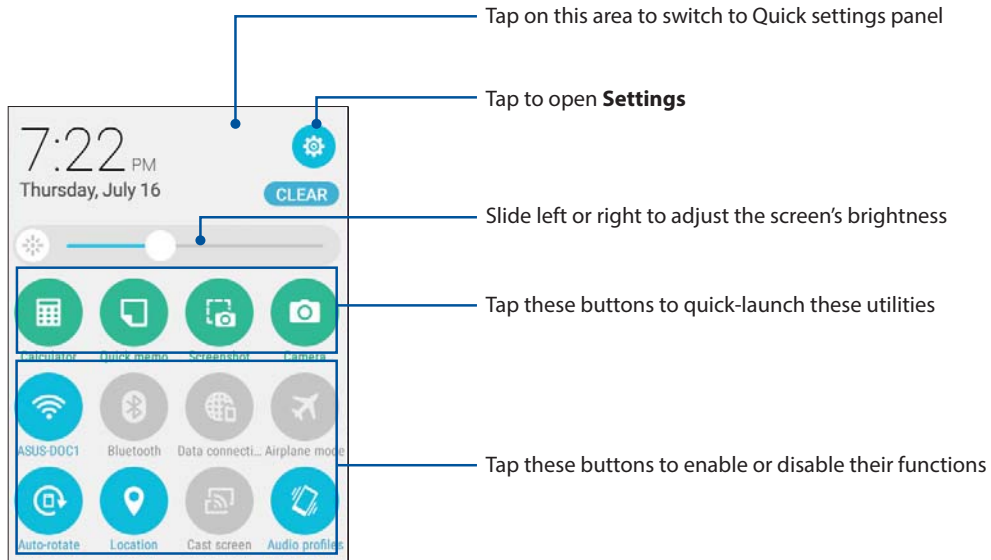

The Quick settings panel provides a one-tap access to some of the wireless features and settings of your ASUS Tablet. Each of these features are represented by a button.

To launch the Quick settings panel, swipe down with two fingers from the top of your ASUS Tablet.

---

**NOTE:** A blue button indicates that the feature is currently enabled while a gray button indicates a disabled feature. The green buttons refer to individual utilities that you can quickly access via the Quick Settings Notification Panel.

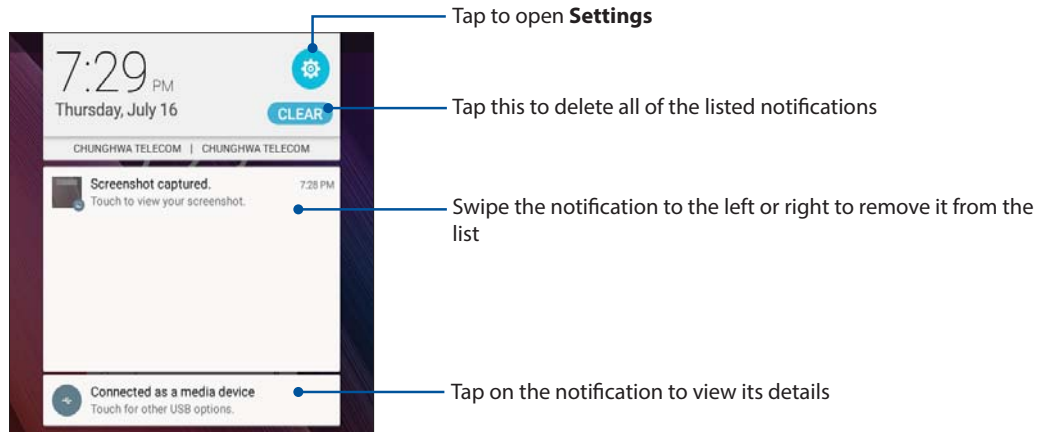

---

## System notifications

From System notifications, you can see the latest updates done and system changes made on your ASUS Tablet. Most of these changes are data and system-related.

To launch the System notifications panel, swipe down with two fingers from the top of your ASUS Tablet.

## Lock Screen

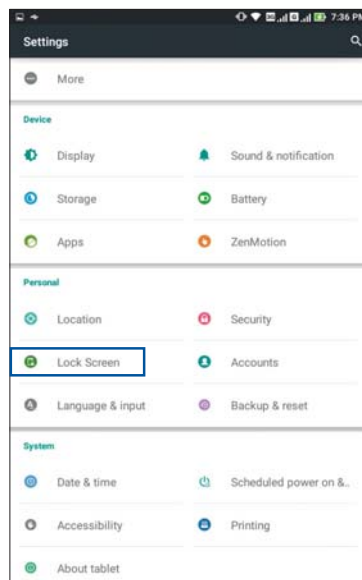

By default, the lock screen appears after turning on your device and while waking it up from sleep mode. From the lock screen, you can proceed to your device's Android system by swiping on your touch screen panel.

Your device's lock screen can also be customized to regulate access to your mobile data and apps.

### Customizing your lock screen

If you want to change your lock screen settings from the default **Swipe** option, refer to the following steps:

1. Launch Quick settings then tap .
2. Scroll down the **Settings** screen and select **Lock screen**.

3. In the next screen, tap **Screen lock**.

4. Tap the screen lock option you would like to use.

---

**NOTE:** For more details, see [Securing your ASUS Tablet](#).

---

## Customizing the quick access buttons

By default, your lock screen includes quick access buttons for these apps: Messaging, and Camera. Change this default settings and customize these buttons to launch other apps on the lock screen using the following steps:

1. Launch Quick settings then tap .
2. Scroll down the **Settings** screen and select **Lock screen**.
3. Tap **Quick access**.
4. Under the Quick access screen, select which button you would like to customize.

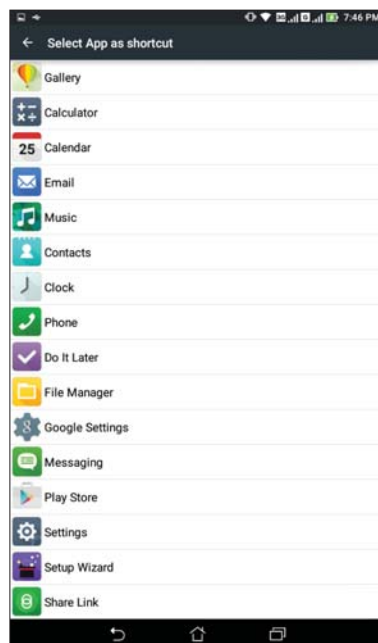

5. Tap the app you would like to preset on the quick access button you chose to configure.

---

**NOTE:** Scroll up or down to view the current list of apps you can preset.

---

## Voice Search

Make voice commands to your ASUS Tablet then watch it listen and take action using the Voice Search app. Using Voice Search, you can make voice commands to accomplish the following:

- Search for data and information online or on your ASUS Tablet
- Launch apps inside your ASUS Tablet
- Get directions going to a location

---

**IMPORTANT!** Your ASUS Tablet must be connected to the Internet to be able to use this feature.

---

## Launching Voice Search

1. Launch the Voice Search app by doing any of the following:
  - Tap  on the Google search bar.
  - Tap  > **Voice Search**.
2. Once the mic icon turns red, start saying your voice command.

---

**NOTE:** Speak clearly and use concise phrases when talking to your ASUS Tablet. It also helps to start your commands with a verb related to the ASUS Tablet feature you want to use.

---

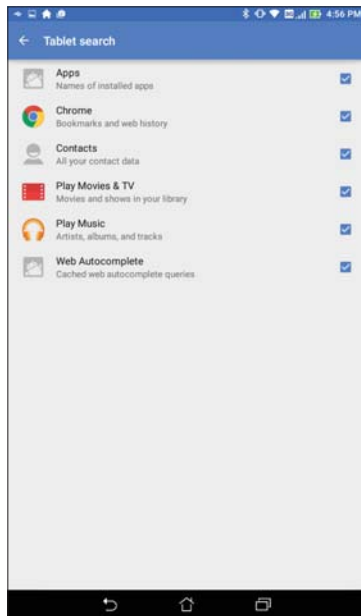

## Customizing voice search results from the Tablet search group

If you want to set parameters for the voice search results gathered from your Google account and your ASUS Tablet's data, you may do so using the following steps:

1. On your ASUS Tablet's home screen, tap  > **Voice Search**.
2. Tap  > **Settings**.

3. Tap **Tablet search**.
4. Tick the box of the search groups you would like to include as source when using **Voice Search**.

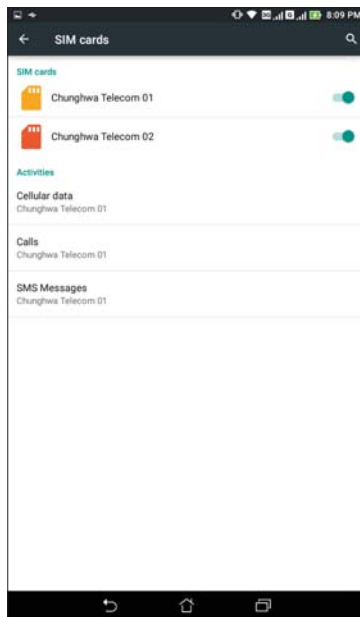

# Keeping in touch

# 3

## Call in style

### Dual SIM feature

The dual SIM feature of your ASUS Tablet lets you manage the settings of the installed micro SIM cards. With this feature, you can enable/disable the micro SIM cards, assign SIM names, or set one as a preferred network.

### Renaming your micro SIM cards

Change the names of your micro SIM cards on your ASUS Tablet so that you can identify them easily.

1. On your ASUS Tablet's home screen, tap  > **Settings** > **SIM cards**.
2. Tap the SIM card you want to rename.
3. Key in the names for your micro SIM cards.

---

**NOTE:** If your SIMs have different mobile service providers, we recommend you to use the names of these providers for your SIM names. If both SIMs have the same mobile service provider, we recommend you to use the mobile numbers for your SIM names.

---

## Assigning a preferred micro SIM card

Assign a micro SIM card as your preferred SIM for voice calls and data services.

### SIM card for voice calls

When you make a call, your ASUS Tablet automatically uses the preferred micro SIM card to connect the call.

To assign a micro SIM card for voice calls, tap **Calls** then tap the SIM that you want to use.

---

**IMPORTANT!** You can only use this feature if you make a call from your contacts list.

---

### SIM card for data service

To assign a micro SIM card for data service, tap **Cellular data** then select from **SIM1** or **SIM2**.

## Making and receiving calls

Your ASUS Tablet offers you many ways to make a call. Call your friends from your contacts list, smart dial to quickly place a call, or enter a speed-dial number to call your frequently-called contact.

The touch screen of your ASUS Tablet lights up when there is an incoming call. The display of the incoming call also varies, depending on the status of your ASUS Tablet.

---

**NOTE:** Organize your contacts in the Contacts app. For details, see [Managing contacts](#).

---

## Launching the Phone app

From your Home screen, do any of the following to launch the Phone app:

- Tap .
- Tap  > **Phone**.

## Dialing a phone number

Use the Phone app to directly dial a phone number.

1. From your Home screen, tap **Asus** > **Contacts** then tap the number keys.
2. Select from call buttons **SIM1** or **SIM2** to dial the number.

---

**NOTE:** The labels of the call buttons may vary depending on the setting that you made to your micro SIM cards. For more details, see [Dual SIM feature](#).

---

## Dialing an extension number

When you need to call an extension number, you can do any of these steps to skip the voice prompts.

## Prompting for confirmation of an extension number

You can insert a confirmation prompt for the extension number after dialing the main number.

1. From the Phone app, enter the main number.
2. Tap and hold # to insert a confirmation prompt, which is denoted by a semi-colon (;).
3. Select from call buttons **SIM1** or **SIM2** to make the call.
4. When prompted, tap Yes to confirm the extension number.

## Auto-dialing an extension number

You can insert a short or long pause after dialing the main number, then the extension number is dialed automatically.

1. From the Phone app, enter the main number.
2. Tap and hold \* to insert a pause, which is denoted by a comma (,).

---

**NOTE:** If you want a longer pause, tap and hold \* again.

---

3. Enter the extension number.
4. Select from call buttons **SIM1** or **SIM2** to place the call.
5. Tap  to end the call.

## Smart dialing your contacts

As you enter the first few numbers or letters of your contact's name, Smart Dial filters through your contacts list or call logs and provide you with possible matches. You can check if the contact you're trying to reach is on the list of possible matches, then you can quickly place that call.

1. Launch the Phone app then enter the number or name of the contact.
2. From the list of possible matches, tap the contact you wish to call. If the contact is not on list, enter the complete number or name of the contact.
3. Select from call buttons **SIM1** or **SIM2** to make the call.

---

**NOTE:** The labels of the call buttons may vary depending on the setting that you made to your micro SIM cards. For more details, see also [Dual SIM feature](#).

---

## Calling from Contacts app

Use the Contacts app to make a call from your contacts list.

1. Launch the Contacts app.
2. Tap the contact name then tap the number that you wish to dial.
3. Tap  to end the call.

---

**NOTE:** To view all contacts from all contact accounts, tap **Contacts to display** dropdown list then tick all accounts.

---

## Calling your favorite contacts

When you add a contact to your Favorites list, you can quickly call the contact from the Phone app.

1. Launch the Contacts or the Phone app.
2. Tap  to display your Favorites list, then tap your favorite contact whom you want to call.
3. Tap  to end the call.

## Answering calls

There are two ways to answer a call depending on the status of your ASUS Tablet:

- If your device is active, tap **Answer** or to reject a call, tap **Dismiss**.
- If your device is locked, drag  to  to answer or to  to reject the call.

## Redialing your last-called number

To redial your last-called number:

1. From the Phone app, tap the number you wish to call from your call logs to redial the number.
2. Tap  to end the call.

## Other call options

During an active call, tap any of the possible call options for when a call is in progress.

### **Microphone**

Turns the microphone for the active call on or off. When the microphone is off or in mute mode, you can hear the caller but the caller can't hear you.

### **Speakerphone**

Turns the speakerphone on or off.

### **Numeric keypad**

Turns the numeric keypad on or off.

### **Call on hold**

Puts an active call on hold.

### **Add call**

When you have subscribed to a conference call service with your mobile service provider, this icon allows you to add a contact or contacts in an active call.

---

#### **NOTE:**

- The number of participants in the conference call depend on your conference call subscription. You can inquire from your mobile service provider about this service.
- For more details on conference call, see [Managing multiple calls](#).

---

### **Start recording**

Records an active call.

---

**IMPORTANT!** Before recording an active call, it is dictated by most local laws to ask permission from the other person or persons on the other line.

---

**NOTE:** For more details, refer to the section [Recording calls](#).

---

## Managing multiple calls

Your ASUS Tablet provides you the convenience of making or taking two calls. You can also set up a conference call that suits for business meetings, party lines, and other group calls.

## Answering another call

While you are talking on your ASUS Tablet, you can hear a beeping sound, indicating of another incoming call. Tap **Answer** on the touch screen to receive an incoming call while on an active call.

## Switching between calls

To switch between calls, tap the bottom bar on the touch screen.

## Setting up a conference call

Your ASUS Tablet, together with its GSM capability, can set up a conference call of up to five (5) people. During a call, you can add more contacts and merge all calls into one conference call.

1. Call a contact or dial a number. Wait for the other line to answer your call.
2. When your call is answered, tap  then tap **Add call** and dial a number that you wish to include in your conference call.
3. Tap  then tap **Merge calls** to put the two calls in a conference call.
4. Tap  to add another contact, then tap  to merge the call to the current conference call. Repeat this step if you want to add more contacts to your conference call.

## Managing a conference call

During the conference call, you can separate the contact from the conference group for private conversation, or disconnect a contact from the conference call.

1. From the Conference call screen, tap **Manage conference call** to open a list of contacts in the conference call.

2. To remove a contact from the conference call, tap . To disconnect a contact from the conference call, tap .
3. Tap  to go back to the Conference call screen.

## Recording calls

Your ASUS Tablet allows you to record a conversation for future reference or information.

1. Call a contact or dial a number.
2. Tap  and tap **Start recording** to record the call. A blinking red dot will appear on the screen.

---

**IMPORTANT!** Before recording a call, ensure that you ask for permission from the other party or parties.

---

3. To stop recording, tap  and tap **Stop recording**.

## Managing contacts

Organize your contacts and easily stay in touch with them via calls (on selected models), SMS messages (on selected models), emails, or social networks. Group your contacts as Favorites to quickly get in touch with them, or group them as VIPs to get notified about any upcoming events, missed calls, or unread messages.

You can also sync your contacts with your email or social network accounts, link contacts' info for easy access in one place, or filter the contacts you want to keep in touch with.

## Launching the Contacts app

From your Home screen, do any of the following to launch the Contacts app:

- Tap **Asus** > **Contacts**
- Tap  > **Contacts**

## Setting up your profile

Make your ASUS Tablet truly your own and set up your profile info.

1. Launch the Contacts app then tap **Set up my profile**.
2. Fill in your info such as mobile or home number. To add other info, tap **Add another field**.
3. When you've completed your info, tap .

## Adding contacts

Add contacts to your device, corporate, Google, or other email accounts and fill in more important contact information such as contact numbers, email addresses, special events for VIPs, and more.

1. Launch the Contacts app then tap .
2. Select **Tablet**.

---

**NOTE:**

- You can also save the contact to your SIM card or your email account.
  - If you don't have an email account, tap **Add account** then create one.
- 

3. Fill in the necessary information such as mobile or home number, email address, or group where you want to put the contact in.
4. After filling in the information and you want to add more contact numbers or email addresses, tap **Add new**.
5. If you want to add other contact information, tap **Add another field**.
6. When you've completed the info, tap .

## Saving calls to Contacts

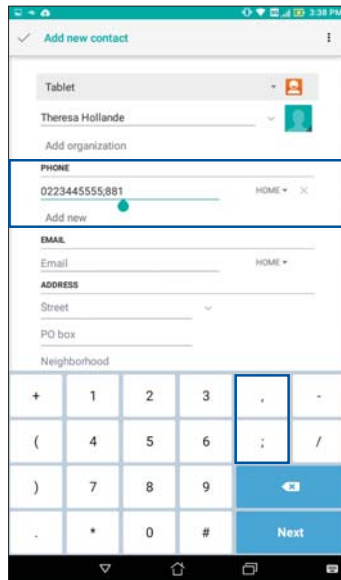

You can add a call from your call logs to your contacts list.

1. From the Phone app, tap  next to a call from your call logs.
2. Tap  and then tap **Edit number before call**.
3. Tap **Add to contacts** and then tap **Create new contact** to edit your contact's info.
4. Tap  to add a new entry to your contacts list.

## Adding an extension number to a contact number

You can add an extension number to a contact's number.

1. From the Add contact screen, fill in the necessary fields.
2. On the Phone field, key in the main line then tap **,** or **;**, and add the extension number.

---

### NOTE:

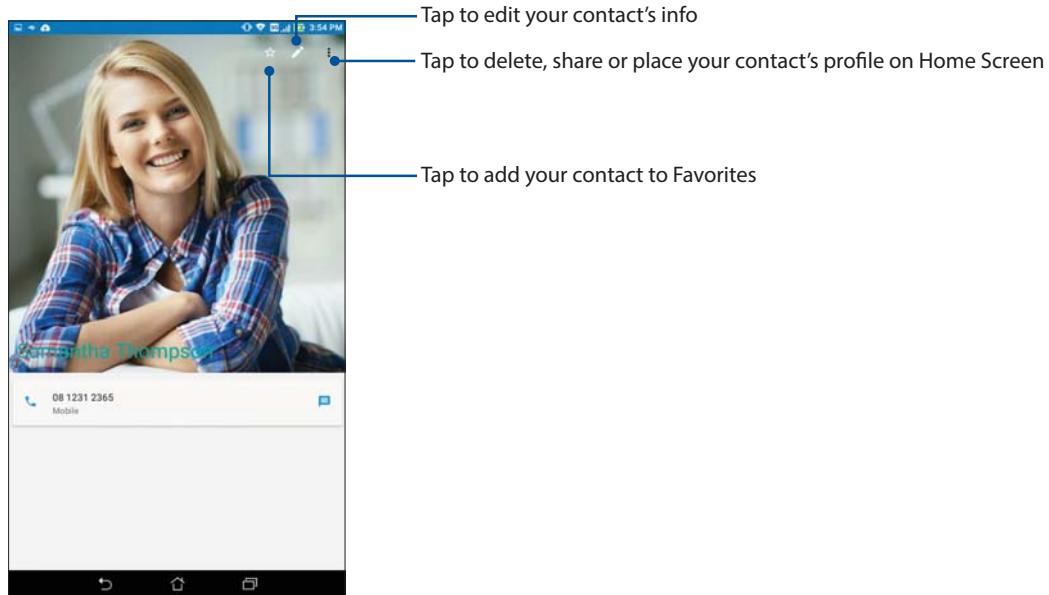

- Use **,** as a separator of the main line and the extension number when you want to skip the voice prompt.
  - Use **;** as a separator of the main line and the extension number when you want to confirm the extension number first before proceeding the call.
- 

3. Tap **✓** to save the number.

## Customizing your contact's profile

Edit your contact's info, add a photo, set a ringtone, or take a photo as a cover for your contact's profile.

1. Launch the Contacts app then select the contact whose info or profile you want to edit or customize.
2. Make the changes from the contact's profile page.

## Setting up your VIPs

Group your contacts as VIPs to get notified about upcoming anniversaries, birthdays, and other important events. You'll also get alerts about any unread messages or emails from your VIPs. You'll get all these notices as your What's Next alerts and reminders.

### Set up your VIP from the Contacts app home screen

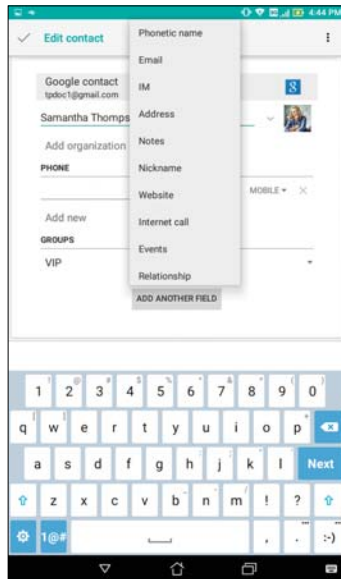

To set up your VIP from the Contacts app home screen:

1. Launch the Contacts app and select the contact you want to set up as a VIP.
2. Tap  and select **VIP** from **Groups**.

## Adding an event to a VIP contact

You can add an event to a VIP contact such as anniversary, birthday, and other important events.

1. Launch the Contacts app, tap the contact you want to add an event detail to, then tap .
2. In the contact's info screen, tap **Add another field > Events**.

3. Select the date for the event, then tap **Set**.
4. Ensure that you select **VIP** under the Group field. When finished, tap .

## Marking your favorite contacts

Set your frequently-accessed contacts as your favorites to be able to locate them quickly from the Contacts app.

1. Launch the Contacts app by doing any of the following:
  - a. From the Home screen, tap **ASUS > Contacts** app.
  - b. From the All Apps screen, tap **Contacts** app.
2. Select the contact you wish to add to Favorites.
3. Tap  and the contact will be marked as Favorites as the star turns white.

---

### NOTE:

- For more details, refer to the section [Calling your favorite contacts](#).
  - You can also set a favorite contact as a VIP. For more details, refer to the section [Setting up your VIPs](#).
- 

## Importing/Export contacts

Import your contacts and their respective data from one contact source to your ASUS Tablet, or email account, or a micro SIM card.

1. Tap **Asus > Contacts** then tap  > **Import/Export**.
2. Select a contact source you want to copy contacts from > **Next**.
3. Select a contact source you want to save > **Next**.
4. Tick to select the contacts that you wish to import and when done, tap **OK**.

## Syncing your social network account

Sync your social network account to add the social network accounts of your contacts to your ASUS Tablet.

1. Do any of the following to launch the Settings app:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. From the Settings screen, tap your social network account under Accounts section.
3. Tick **Contacts** to sync the social network accounts of your contacts.
4. Launch the Contacts app to view your contacts list.
5. To view only your contacts with social network accounts, tap **Contacts to display** then tick a social network account you wish to see the contacts of.

## Send messages and more

### Messaging

Messaging lets you send, promptly reply, or reply at a later time to important messages from your contacts in any of your SIM cards installed on your ASUS Tablet. You can also email your message threads or conversations to others to keep them in the loop.

### Launching the Messaging app

From your Home screen, do any of the following to launch the Messaging app:

- Tap .
- Tap  > **Messaging**.

### Sending messages

1. Launch the Messaging app then tap .
2. Enter the number or tap  to select a contact from your list.
3. Start composing your message in the **Type text message** field.
4. When you're done, tap  to send your message.

### Replying to messages

1. Tap your message alert from your Home screen or Lock screen.
2. Start composing your reply in the **Type text message** field.
3. When you're done, tap  to send your message.

## Forwarding a message thread

You can forward a message thread or conversation to others, and set an alert so you can reply to an important message at a convenient time.

1. From the **Home screen**, tap .
2. Press and hold any of the messages from the thread, then tap **Forward**.
3. Enter the number or tap  to select a contact from your list.
4. When you're done, tap  to send your message. The conversation will be forwarded as an MMS (Multimedia Messaging Service) message.

---

### NOTE:

- Ensure that you have MMS subscription with your mobile service provider.
  - Ensure that data access is enabled on your device. From your Home screen, tap  > **Settings** > **Data usage**, then enable **Cellular data**.
  - Mobile data and messaging rates apply when forwarding conversations to others.
- 

## Other messaging options

When you are in an active message thread or while composing a message, you can tap  and do any of these other options below.

<b>Add subject</b>	Tap to add the title of your message.
<b>Insert contact</b>	Insert the name and phone number of your contact into your message.
<b>Insert quick text</b>	Insert a predefined reply into the body of your message.
<b>Select message</b>	Tap this option and select the messages that you want to delete or forward from the thread.
<b>Chat settings</b>	Tap this option to configure the message settings.

## Linking your contacts' info

When you add social network or email accounts, data from these accounts automatically sync with the Contacts app. In some instances, some contact info may appear in several places or under different name variations or nicknames in the Contacts app. You can manually link and unify all these info and put them under one place or profile.

1. From the Contacts app, tap the contact whose info you want to link, then tap .
2. From the contact's profile page, tap  and select **Join**.
3. Select all the contact profiles that you think should be joined to one profile, and you can view and retrieve all your contact's info under one profile.

# *Your precious moments*

# 4

---

**NOTE:** The following screenshots are for reference only.

---

## Capture moments

### Launching the Camera app

Capture images and record videos using your ASUS Tablet's Camera app. Refer to any of the steps below to open the Camera app.

#### From the lock screen

Drag down  until the camera app is launched.

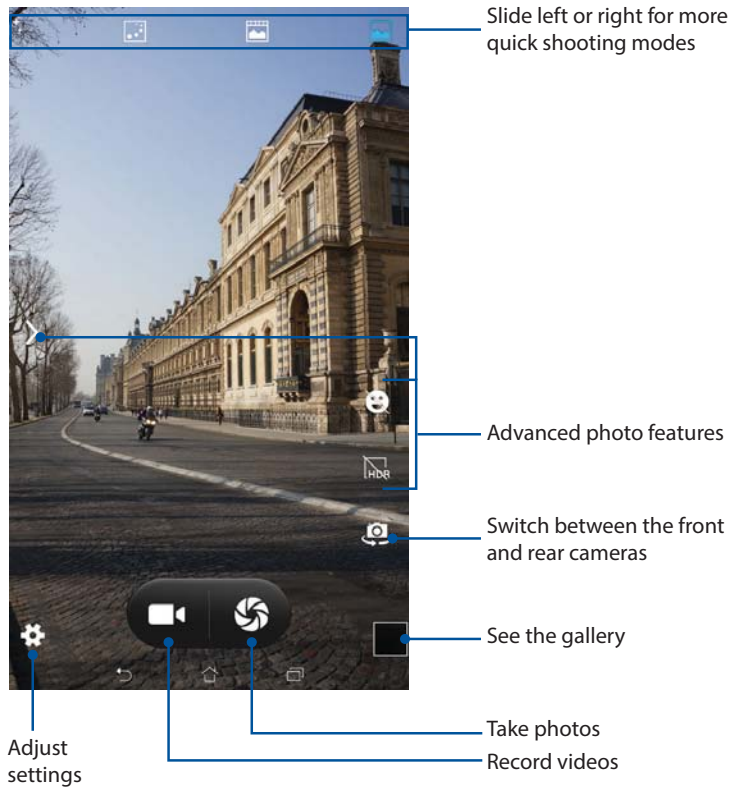

#### From the home screen

Tap .

## Camera home screen

Your ASUS Tablet's camera is equipped with auto-scene detection and auto-image stabilizer features. It also features a video stabilization function that helps prevent shakiness while video recording.

Tap the icons to start using your camera and explore the image and video features of your ASUS Tablet.

## Image settings

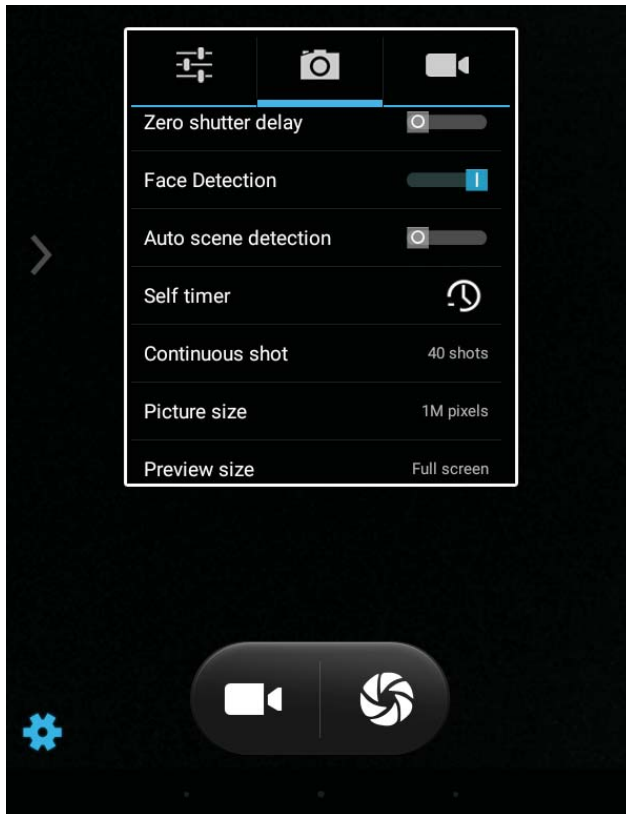

Adjust the appearance of your captured images by configuring your camera's settings using the steps below.

---

**IMPORTANT!** Apply the settings first before taking images.

---

1. On the camera's home screen, tap  > .
2. Scroll down and configure the available options.

## Video settings

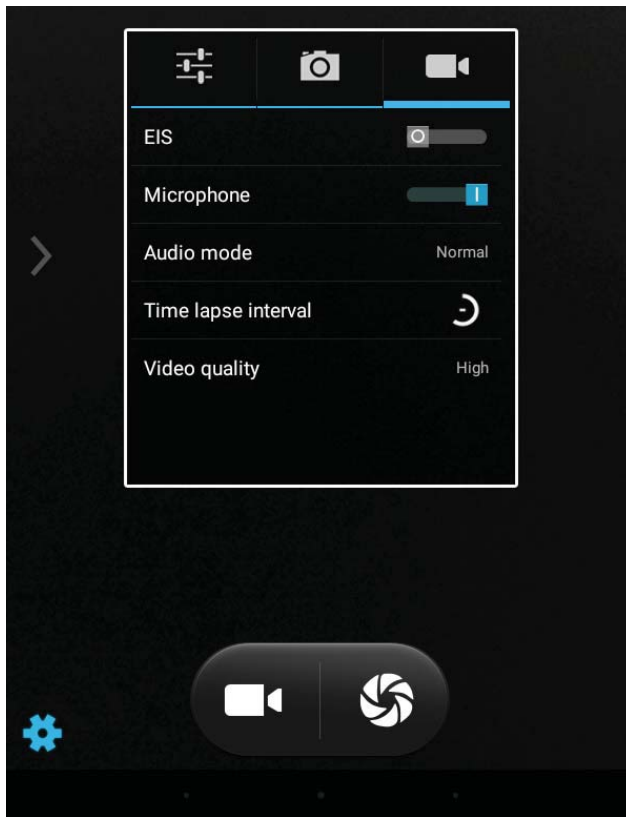

Adjust the appearance of your recorded videos by configuring your camera's settings using the steps below.

---

**IMPORTANT!** Apply the settings first before taking images.

---

1. On the camera's home screen, tap  > .
2. Scroll down and configure the available options.

## Advanced photo features

Explore new ways of capturing images and make captured moments extra special using the advanced photo features of your ASUS Tablet.

---

**IMPORTANT!** Apply the settings first before taking images. Available features may vary per model.

---

### HDR

The High-dynamic-range (HDR) feature allows you to take more detailed images for low-light and highly contrasting scenes. HDR is recommended for use when taking images on brightly lit locations, helping balance out the colors produced on your image.

#### Capturing HDR photos

1. From the Camera app's home screen, tap **HDR**.
2. Tap  to start capturing HDR photos.

### Face beauty mode

Have fun during and after taking photos of your family and friends using the Beautification feature of your ASUS Tablet. When enabled, this feature allows you to make live beauty enhancements on your subject's face before you press the shutter button.

#### Capturing Face beauty photos

1. From the Camera app's home screen, slide the bar on the top and select .
2. Tap  to start capturing the photo.

### Night

Take well-lit photos even on night time or on low-light situations using the Night feature of your ASUS Tablet.

---

**NOTE:** Keep your hands steady before and while the ASUS Tablet is capturing the image to prevent blurry results.

---

#### Capturing Night photos

1. From the Camera app's home screen, tap  >  > **Night**.
2. Tap  to start capturing Night photos.

## Panorama

Capture images from various angles using Panorama. Images captured from a wide angle perspective are automatically stitched together using this feature.

### Capturing panoramic photos

1. From the Camera app's home screen, slide the bar on the top and select .
2. Tap  then pan your ASUS Tablet to the left or right to capture the scenery.

---

**NOTE:** While panning your ASUS Tablet, a timeline of thumbnails appears on the lower part of your screen as it captures the scenery.

---

3. Tap  when finished.

## Using the Gallery

View images and play videos on your ASUS Tablet using the Gallery app.

This app also allows you to edit, share, or delete image and video files stored in your ASUS Tablet. From Gallery, you can display images in a slideshow or tap to view the selected image or video file.

To launch Gallery, tap  > **Gallery**.

### Viewing files from your social network or cloud storage

By default, your Gallery displays all the media files on your ASUS Tablet according to their album folders.

To view the media files from other locations accessible via your ASUS Tablet:

1. From the main screen, tap .
2. Tap any of the following source locations to view their respective media files.

---

#### NOTE:

- You can download photos to your ASUS Tablet from your cloud account and use them as your wallpaper or a contact's cover image.
  - For details on adding cover images to your contacts, see [Customizing your contact's profile](#).
  - For details on using photos or images as your wallpaper, see [Wallpapers](#).
- 

**IMPORTANT!** Internet connection is required for viewing photos and videos under **My cloud photos and Friends photos**.

---

## Viewing the photo details

Enable the location access on your ASUS Tablet, and get the location details on your photos.

To view the details of a photo:

1. Turn on the location access from  > **Settings** > **Location**.
2. Ensure that you have shared your location to Google Map.
3. Launch the Gallery app, and select the photo whose photo details you want to view.
4. Tap the photo then tap .

## Sharing files from the Gallery

1. From the Gallery screen, tap the folder where the files you want to share are located.
2. After opening the folder, tap  to activate file selection.
3. Tap the files you want to share. A check mark appears on top of the image you select.
4. Tap  then select from the list where you want to share the images.

## Deleting files from the Gallery

1. From the Gallery screen, tap the folder where the files you want to delete are located.
2. After opening the folder, tap  to activate file selection.
3. Tap the files you want to delete. A check mark appears on top of the image you select.
4. Tap .

## Editing images

The Gallery also features its own image editing tools that you can use to enhance images saved on your ASUS Tablet.

1. From the Gallery screen, tap the folder where the files are located.
2. After opening the folder, tap the image you want to edit.
3. Once the image is opened, tap it again to show its functions.
4. Tap  to open the image editing toolbar.
5. Tap any of the icons on the editing toolbar to apply changes to the image.

## Zooming in/out the thumbnails or images

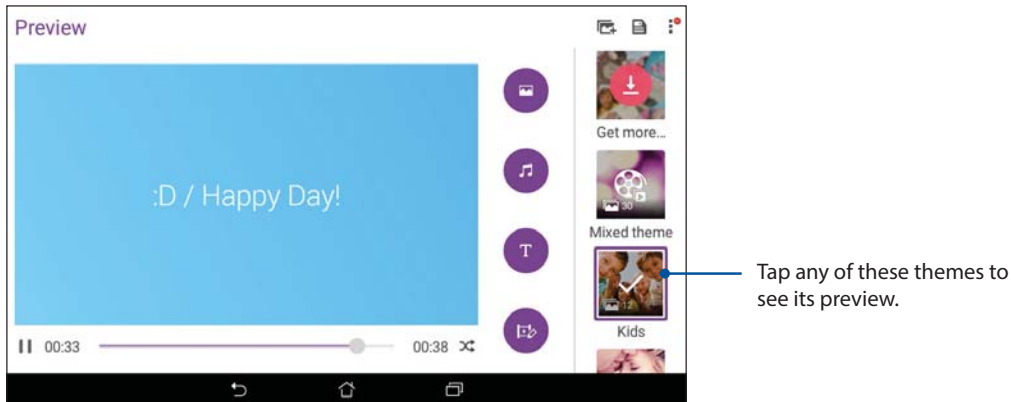

From the Gallery screen or your selected image, spread apart your fingers on the touchscreen panel to zoom in. To zoom out, bring your fingers together on the touchscreen panel.

## Using MiniMovie

Turn photos into a creative slideshow using the MiniMovie feature of the Gallery. MiniMovie contains a theme of slideshow presentations which you can immediately apply to selected photos.

To create a MiniMovie from a photo folder:

1. Launch Gallery then tap  to select the location of your photo folder.
2. Select the photo folder then tap  > **Auto MiniMovie**.
3. Select the MiniMovie theme you would like to use for your photo slideshow.

4. After selecting a theme, tap  to save the slideshow.
5. You can then share the slideshow to social network sites or instant messaging apps.

To create a MiniMovie from a selection of photos:

1. Launch Gallery then tap  to select the location of your photos.
2. Tap  to activate file selection.
3. After selecting your photos, tap **MiniMovie**.
4. Select the MiniMovie theme you would like to use for your photo slideshow.
5. After selecting a theme, tap  to save the slideshow. You can access your saved slideshows from **ASUS > File Manager > Movies > MiniMovie**.
6. You can then share the slideshow to social network sites or instant messaging apps.

---

**NOTE:** The following screenshots are for reference only.

---

## Browser

Your browser's state-of-the-art Chromium-based engine lets you surf the Internet at a fast loading speed. Its clean and intuitive Zen interface powered by text-reflow technology optimizes web contents to better fit the screen of your ASUS Tablet. With its magazine view mode via its Smart Reader feature, you can pleasurablely read your favorite web contents online or offline without any distracting items such as banner ads. You can also mark an interesting page as a read later task, which you can retrieve from the Do It Later app and read at your convenient pace.

---

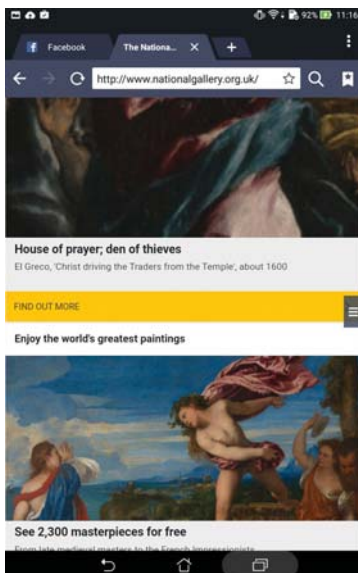

**IMPORTANT!** Before doing any Internet surfing or Internet-related activities, ensure that your ASUS Tablet is connected to a Wi-Fi network. For more details, see [Staying connected](#).

---

## Launching the Browser app

From your Home screen, do any of the following to launch the Browser app:

- Tap .
- Tap  > **Browser**.

## Sharing pages

Share interesting pages from your ASUS Tablet to others via an email account, cloud storage account, Bluetooth, or other ASUS Tablet apps.

1. Launch the browser.
2. From a web page, tap  > **Share page**.
3. Tap the account or app that you want to use as medium in sharing the page.

## Adding a new tab

Hide the current website and open a new window to continue surfing or browsing another website.

1. From the current page, tap  > **New tab** or tap  beside the current tab.
2. Enter the URL address in the URL field and continue enjoying browsing the Internet from your ASUS Tablet.
3. If you want to do add another tab, follow step 1 again.

---

**NOTE:**

- Opening many websites in your browser slows down its loading performance.
  - If Internet connection slows down, try clearing the cache. For details, refer to the section [Clearing the browser cache](#).
- 

## Bookmarking pages

Bookmark your favorite pages or websites so you can go back and browse them again.

To bookmark a page:

From the page, tap . The next time you open your browser, you can quickly tap on your bookmarked page.

## Clearing the browser cache

Clear the browser cache to delete temporary Internet files, websites, and cookies that are temporarily stored in your ASUS Tablet. This helps improve the loading performance of your browser.

1. Launch the browser.
2. Tap  > **Settings** > **Privacy & security** > **Clear cache**.
3. Click **OK** on the confirmation message.

## Email

Add Exchange, Gmail, Yahoo! Mail, Outlook.com, POP3/IMAP accounts so you can receive, create, and browse emails right from your device. You can also sync your email contacts from these accounts to your ASUS Tablet.

---

**IMPORTANT!** Your ASUS Tablet must be connected to a Wi-Fi or mobile network so you can add an email account or send and receive emails from added accounts. For more details, see [Staying connected](#).

---

## Setting up email accounts

Set up your existing personal or work email account so you can receive, read, and send emails from your ASUS Tablet.

1. From the Home screen, tap **Email** to launch the Email app.
2. Tap the mail provider you want to set up.
3. Key in your email address and password and tap **Next**.

---

**NOTE:** Wait while your device automatically checks your incoming and outgoing mail server settings.

---

4. Configure the **Account settings** such as inbox checking frequency, sync days, or notification for incoming emails. When done, tap **Next**.
5. Key in an account name that you want to be displayed in the outgoing messages, then tap **Next** to log into your inbox.

---

**NOTE:** If you want to set up your work account on your ASUS Tablet, ask for the email settings from your network administrator.

---

## Adding email accounts

If you don't have an existing email account, you can create one so you can receive, read, and send emails right from your ASUS Tablet.

1. From the Home screen, tap **Email** to launch the Email app.
2. Tap  > **Settings**, then add an email account.
3. Tap the mail provider that you want to add.
4. Follow the succeeding instructions to complete setting up your new email account.

---

**NOTE:** You may also refer to steps 3 to 5 in the [Setting up email accounts](#) section to complete this setup process.

---

## Setting up a Gmail account

Set up your Gmail account to get into Google-related services and apps as well as receive, send, and browse emails right from your ASUS Tablet.

1. Tap **Google** then tap **Gmail**.
2. Tap **Existing** and key in your existing Gmail account and password, then tap .

---

**NOTE:**

- Tap **New** if you do not own a Google account.
  - When signing in, you have to wait while your device communicates with Google servers to setup your account.
- 

3. Use your Google account to backup and restore your settings and data. Tap  to sign in to your Gmail account.

---

**IMPORTANT!** If you have several email accounts aside from Gmail, use Email app to set up and access all your email accounts.

---

## Calendar

The Calendar app enables you to keep track of important events using your ASUS Tablet. Along with creating events you may also set reminders, or create a countdown notice to ensure you don't forget these important occasions. It also stores the events, such as birthdays and anniversaries, that you've set up for your VIP contacts.

### Creating events

To create an event:

1. Tap **Asus > Calendar**.
2. Tap  to start creating a new event.
3. In the New event screen, input all the necessary details of your event.
4. Turn Countdown to **ON**. You'll get a countdown notice on the System notifications panel as to the days left until this event takes place.

---

**NOTE:** For details on the System notifications panel, see [System notifications](#).

---

5. On the **Reminders** field, select the time that you want to get an alert or reminder about the event.
6. Once finished, tap  to save and exit.

### Adding accounts to Calendar

Aside from creating an event logged on your ASUS Tablet, you can also use Calendar to create events that get automatically synced with your online accounts. But first, these accounts must be added to Calendar using the following steps:

1. Tap **Asus > Calendar**.
2. Tap  > **Accounts > +**.
3. Tap the account you want to add.
4. Follow the succeeding onscreen instructions to complete adding the new account to Calendar.

## Creating an event from your account

After adding online accounts that you would like to sync with Calendar, you may now use your ASUS Tablet to create notifications for those online accounts by following these steps:

1. Tap **Asus > Calendar**.
2. Tap  to start creating a new event.
3. In the New event screen, tap **My Calendar** to view all the accounts currently synced with the Calendar.
4. Tap the account where you would like to create a new event.
5. In the New event screen, input all the necessary details of your event then tap .

---

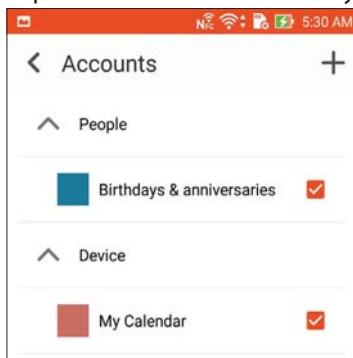

**NOTE:** Your online account must already be added to Calendar before you can proceed with the following steps. For more details, see [Adding accounts to Calendar](#).

---

## Enabling alert reminders for events

Turn on the alert function from the Calendar app to get alert reminders and notifications for special events such as birthdays, anniversaries, meetings, and other important events that matter you.

1. Tap **Asus > Calendar**.
2. Tap  > **Accounts**.
3. Tap the accounts from which you want to receive alert reminders from.

---

**NOTE:** For details on setting up event alerts about your VIPs, see [Adding an event to a VIP contact](#).

---

## Accepting or declining invites to events

Set up your email account in the Email app to send or receive emails such as invites to events. When you accept email invites, the events will be synced with the Calendar app.

---

**NOTE:** For more details, see [Email](#) and [Calendar](#).

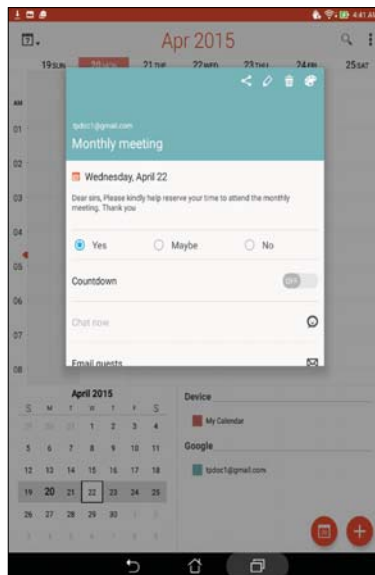

---

**IMPORTANT!** Your ASUS Tablet must be connected to a Wi-Fi or mobile network to get emailed invites or event-related alerts. For more details, see [Staying connected](#).

---

To accept or decline an invite:

1. Tap your email invite to open it.
2. Tap **Yes** to accept or **No** to decline the invite. Your reply will be saved and automatically synced with the event organizer's Calendar account.

## Getting event-related alerts

When you accept an invitation to an event, you'll get reminders of any changes to the event such as postponement, cancellation, change in event location, or shift in event schedule. These event-related alerts will be posted on your Calendar and sent to your email account.

## Getting the weather updates

Get real-time AccuWeather® updates, every hour or up to 12 hours, for your current location or for other parts of the world. You can make plans for up to seven (7) days with the 7-day weather forecast or dress appropriately based on AccuWeather RealFeel® temperature. You can also get the real-time UV index or air pollution index, letting you take the necessary protective measures against harmful ultra-violet rays or air pollutants.

1. Before getting the weather updates, ensure the following:
  - Wi-Fi or mobile network is turned on when you are indoors and GPS is turned on when you are outdoors.
  - Turn on the location access from **Settings > Location**.
2. Launch the Weather app in any of these two ways:
  - Tap **Weather**.
  - From your ASUS Tablet's home screen, tap the weather icon.

3. Tap **Edit** then tap **+**.
4. In the search box, enter the city or area whose weather updates you want to search for.
5. Wait for a while your ASUS Tablet gets the weather information. The city or area's weather data will be added to your location list.

## Do It Later

Get hold of even the most trivial things in your busy life. Even when you're too busy, reply to your emails, SMS messages (on selected models), calls (on selected models), read news online, or add other important to-do tasks at your convenience.

Mark your unread messages or emails, interesting web pages, and missed calls as **Reply Later**, **Read Later**, or **Call Later** items (on selected models). These marked items will be added to your Do It Later tasks, and you can act on these tasks at a convenient time.

---

**NOTE:**

- Popular third-party apps that support Do It Later include Google Maps, Google Chrome, Google Play, YouTube, and IMDb.
  - Not all apps can share and add tasks to Do It Later.
- 

## Adding to-do tasks

Create important to-do tasks to organize your work or social activities in your professional or social life.

1. From the Home screen, tap **Asus > Do It Later**.
2. Tap **+** then fill in the necessary information.
3. If you want to set the importance level, select **High** in the Importance field.
4. When you're done, tap **✓**.

## Prioritizing to-do tasks

Set the importance level of your to-do tasks so you can prioritize and act on them accordingly.

1. From the Home screen, tap **Asus > Do It Later**.
2. Tap the task that you want to set as a top priority.
3. Under the Importance field in the task screen, select **High**.
4. When you're done, tap .

---

**NOTE:** High-priority to-do tasks are marked as  on your Do It Later list. This allows you to quickly determine which to-do tasks need immediate actions.

---

## Deleting to-do tasks

You can delete any completed, overdue, or unnecessary to-do tasks from the Do It Later app.

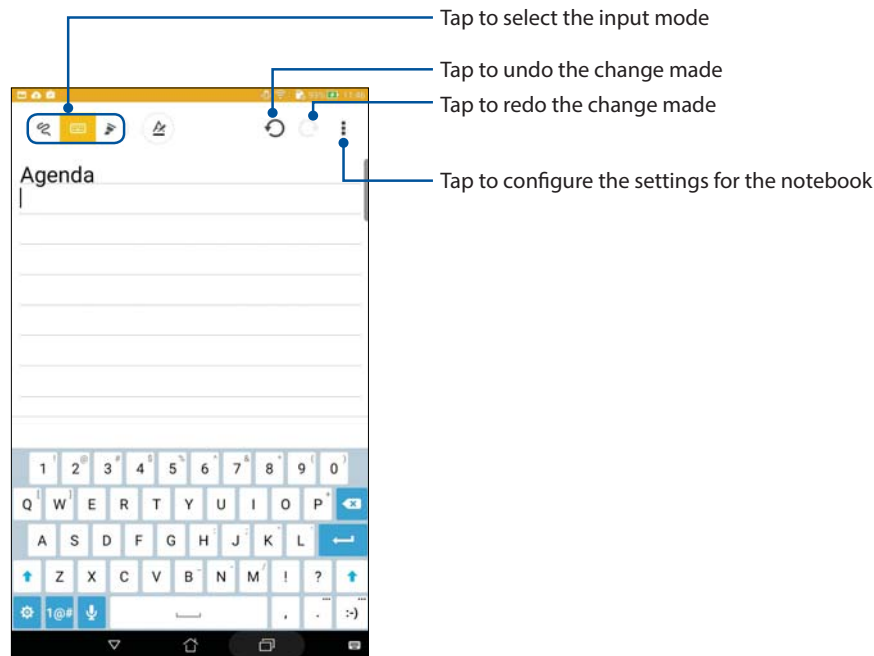

1. From the Home screen, tap **Asus > Do It Later**.
2. Tap the task you want to remove from the list, then tap  **Delete**.

# SuperNote

Turn note-taking into a fun and creative activity using Supernote.

This intuitive app allows you to create notes organized per notebook by directly writing or drawing on the touchscreen. While creating notes, you can also add multimedia files from other apps and share them via social networks or your Cloud storage account.

## Understanding icons

Depending on your selected input mode, these icons appear as you take down your notes on SuperNote.

	Select this type mode when you want to use the onscreen keyboard to enter your notes.
	Select this write mode when you want to scribble or write your notes.
	Select this draw mode when you want to create drawings or doodles.
	When in write or type mode, tap this icon to select text weight and color.
	When in draw mode, tap this icon to select the drawing tool to use, and the stroke color or size.
	When in draw mode, tap this icon to erase some contents in your notes.
	Tap this icon to take a photo or video, record audio, add timestamp and more to your notes.
	Tap this icon to add a new page to your notebook.

## Creating a notebook

To create new files using Supernote, refer to the following steps:

1. Tap **ASUS** > **SuperNote**, then tap .
2. Select a template and start writing your notes.

## Sharing a notebook on the Cloud

You may share your notebook on the Cloud using the following steps:

1. On the Supernote home screen, tap-and-hold the notebook you would like to share.
2. In the pop-up screen, tap **Enable cloud sync**.
3. Input your ASUS WebStorage account's User name and Password details to proceed with syncing your notebook to the Cloud.
4. Once the notebook has been successfully synced to the Cloud, the Cloud icon appears on top of the shared notebook.

## File Manager

Using File Manager allows you to easily locate and manage your data on the internal storage of your ASUS Tablet and its connected external storage devices.

### Accessing the internal storage

To access the internal storage:

1. Tap  > **File Manager**.
2. Tap  > **Internal storage** to view the contents of your ASUS Tablet then tap an item to select.

### Accessing the external storage device

To access the external storage device:

1. Insert the microSD card into your ASUS Tablet.
2. Tap  > **File Manager**.
3. Tap  > **MicroSD** to view the contents of your microSD card.

### Accessing Cloud Storage

---

**IMPORTANT!** Ensure that Wi-Fi or mobile network is enabled on your ASUS Tablet. For details, see [Staying connected](#).

---

To access files saved on your cloud storage accounts:

1. Tap  > **File Manager**.
2. Tap  > then tap a cloud storage location under **Cloud Storage**.

## The Cloud

Back up your data, sync files among different devices, and share files securely and privately via a Cloud account such as ASUS WebStorage, Drive, OneDrive, and Dropbox.

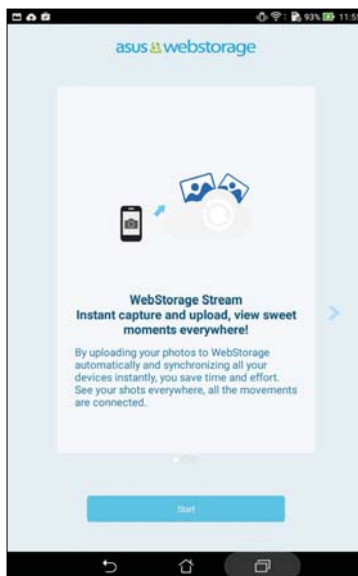

### ASUS WebStorage

Register for or sign in to ASUS WebStorage and get free cloud storage. Automatically upload newly captured photos for instant sharing, sync files among different devices, or share files via your ASUS WebStorage account.

---

**IMPORTANT!** Ensure that Wi-Fi or mobile network is enabled on your ASUS Tablet. For details, see [Staying connected](#).

---

## ASUS Support

Find answers from FAQs (Frequently Asked Questions) or directly interact with other Zen UI users to find and share solutions about ZenUI apps.

To access ZenUI Help:

1. Tap  > **ASUS Support**.
2. Tap **ZenUI tips**, then select the app that you want to find answers for.

# *Fun and entertainment*

# 6

## Using a headset

Have the freedom to do other things while you're in a call or enjoy listening to your favorite music using a headset.

## Connecting the audio jack

Insert the 3.5 mm headset jack into the audio port of your device.

---

**WARNING!**

- Do not insert other objects into the audio jack port.
  - Do not insert a cable with electric power output into the audio jack port.
  - Listening at a high volume for long periods can damage your hearing.
- 

**NOTE:**

- We highly recommend to use only compatible headsets or the bundled headset with this device.
  - Unplugging the audio jack while listening to music, automatically pauses the music played.
  - Unplugging the audio jack while watching a video, automatically pauses the video playback.
-

## Music

Music app automatically searches for music files from the internal and external storages on your ASUS Tablet. You can organize these music files in a playlist or add them in a queue to play them sequentially. You can also stream music from cloud accounts such as ASUS WebStorage, Dropbox, OneDrive, and Drive.

---

**IMPORTANT!** Before streaming music from a cloud account, ensure that your ASUS Tablet is connected to a Wi-Fi or mobile network. For more details, see [Staying connected](#).

---

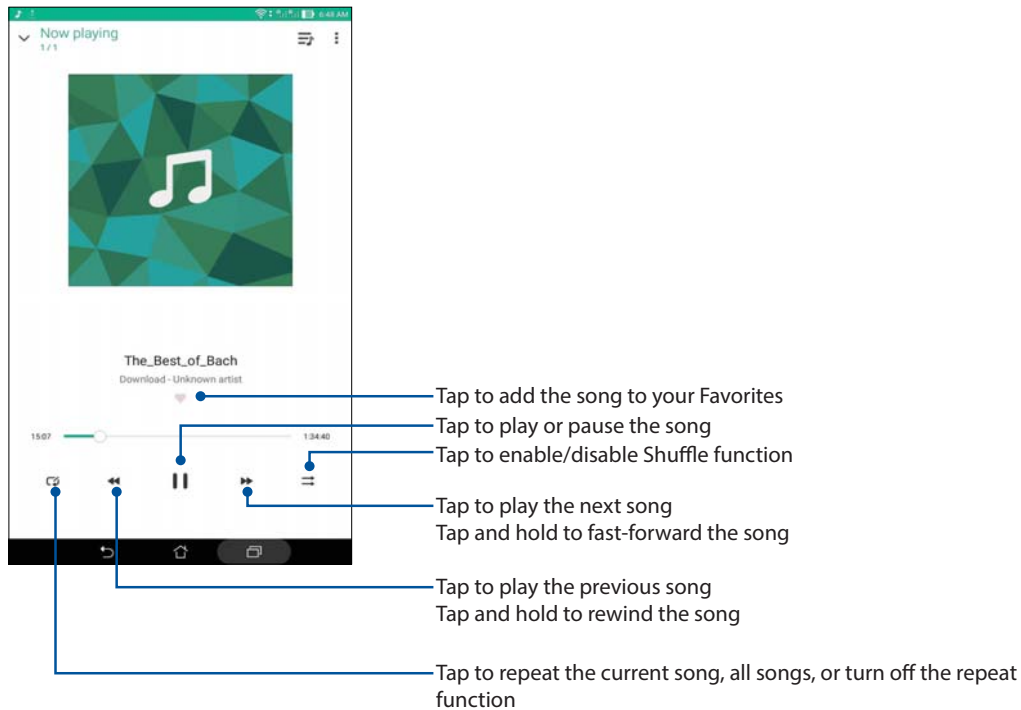

### Launching Music

To launch Music, tap **■ ■ ■** > **Music**.

### Playing songs

To play a song:

1. From the Music app, tap **Music** then select **Songs**. You can also select these other options on how you want to browse your music files: **Album**, **Artist**, **Genres**, **Composer**, or **Folder**.
2. From your list, tap the song that you want to play. Tap **Play All** if you want to play all songs.
3. Swipe up from the song title bar to get a full screen of the song that's currently playing.

---

**NOTE:** To add several songs to an existing playlist, see [Adding songs to a playlist](#).

---

## Other playback options

During playback, you can tap  and do any of these other options below.

<b>Add to playlist</b>	Tap to add the song to an existing playlist or create a new one to add the song to it.
<b>Share</b>	Tap to share the song via some apps or cloud accounts.
<b>Edit info</b>	Tap to add some details about the song.
<b>Clear queue</b>	Tap <b>Clear queue</b> to remove all songs in the queue.
<b>Equalizer</b>	Tap to configure the Equalizer settings and get better audio for your songs.
<b>Sleep timer</b>	Set the time when the music will stop playing.
<b>Settings</b>	Tap this option to configure the Music settings.
<b>Feedback &amp; Help</b>	Get answers to your questions and you can send to us your feedbacks.

## Streaming Cloud music

Register or sign in to a cloud account and stream music from your cloud account to your ASUS Tablet.

---

**IMPORTANT!** Ensure that Wi-Fi or mobile network is enabled on your ASUS Tablet. For details, see [Staying connected](#).

---

## Adding a cloud storage account

To add a cloud storage account:

1. From the Music home screen, tap .
2. Under Cloud Music, tap **Add cloud service**.
3. Select the cloud storage service where you want to play music files from.
4. Follow the succeeding instructions to complete signing in to your cloud storage account.

## Streaming music from the cloud

To stream music from your cloud account.

1. From the Music home screen, tap .
2. Under **Cloud Music**, tap the cloud account where you want to stream music from.
3. Select the song, then tap to play it.

## Creating a playlist

Get your favorite songs from different sources such as internal storage, external storage, or cloud accounts and organize them in a playlist.

1. From the Music home screen, tap .
2. Under **Playlist**, tap **My playlist**, then tap .
3. Assign a name to your playlist, then tap **Save**.

## Adding songs to a playlist

You can add several songs to your playlist from your local source (internal and external storages) or cloud accounts.

1. From the Music home screen, tap .
2. Under **Playlist**, tap **My playlist**, then tap the name of your playlist.
3. Tap  > **Add songs**.
4. Tap the music source where you want to get your songs from to add to your playlist.
5. Select how you'd want to browse your music: **Album**, **Artist**, **Genres**, **Composer**, **Songs**, or **Folder**.
6. Select the songs that you'd want to add to your playlist. Tap **Add all to playlist** if you want to add all songs from your music list, album, folder, or from your favorite artists.

---

**NOTE:** You can also add a currently-playing song to an existing playlist. For details, see [Other playback options](#).

---

# Staying connected

# 7

## Wi-Fi

The Wi-Fi technology of your ASUS Tablet gets you connected to the wireless world. Update your social media accounts, browse the Internet, or exchange data and messages wirelessly from your ASUS Tablet.

### Enabling Wi-Fi

1. Launch the Settings screen by doing any of the following:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Slide the Wi-Fi switch to the right to turn on the Wi-Fi.

---

**NOTE:** You can also enable the Wi-Fi from Quick Settings screen. Refer to section [Quick settings](#) on how to launch Quick Settings screen.

---

### Connecting to a Wi-Fi network

1. On the Settings screen, tap **Wi-Fi** to display all detected Wi-Fi networks.
2. Tap a network name to connect to it. For a secured network, you may be prompted to key in a password or other security credentials.

---

**NOTE:**

- Your ASUS Tablet automatically reconnects to the network that you connected with previously.
  - Turn off the Wi-Fi feature when you're not using it to help save battery power.
-

## Disabling Wi-Fi

To disable Wi-Fi:

1. Launch the Settings screen by doing any of the following:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Slide the Wi-Fi switch to the left to turn off the Wi-Fi.

---

**NOTE:** You can also disable the Wi-Fi from Quick Settings screen. See [Quick settings](#) on how to launch Quick Settings screen.

---

## Bluetooth®

Use the Bluetooth feature of your ASUS Tablet to send or receive files and stream multimedia files with other smart devices over short distances. With Bluetooth, you can share your media files with your friends' smart devices, send data for print with a Bluetooth printer, or play music files with a Bluetooth speaker.

## Enabling Bluetooth®

1. Do any of the following to launch the Settings screen:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Slide the Bluetooth switch to the right to turn on the Bluetooth.

---

**NOTE:** You can also enable the Bluetooth from Quick Settings screen. See [Quick settings](#) on how to launch Quick Settings screen.

---

## Pairing your ASUS Tablet to a Bluetooth® device

Before using the Bluetooth feature of your ASUS Tablet in full scale, you have to pair it first with the Bluetooth device. The ASUS Tablet automatically stores the pairing connection of the Bluetooth device.

1. On the Settings screen, tap **Bluetooth** to display all available devices.

---

**IMPORTANT!** If the device that you want to pair is not in the list, ensure to enable its Bluetooth feature and is discoverable.

---

2. Tap your ASUS Tablet to make it visible to other Bluetooth devices.
3. Tap **SEARCH FOR DEVICES** to scan for more Bluetooth devices.
4. In the list of available devices, tap the Bluetooth device that you want to pair with.
5. Ensure that the same passkey show on both devices, then tap **Pair**.

---

**NOTE:** Turn off the Bluetooth feature when you're not using it to help save battery power.

---

## Unpairing your ASUS Tablet from the Bluetooth® device

1. On the Settings screen, tap Bluetooth to display all available and paired devices.
2. In the list of paired devices, tap  of Bluetooth device that you want to unpair, then tap **Unpair**.

## Tethering

When Wi-Fi service is not available, you can use your ASUS Tablet as a modem or turn it into a Wi-Fi hotspot to get Internet access on your laptop, tablet, and other mobile devices.

---

**IMPORTANT!** Most mobile service providers may require a data plan for you to be able to use the tethering function. Contact your mobile service provider about availing of this data plan.

---

**NOTE:**

- Internet access via tethering may be slower than the standard Wi-Fi or mobile connection.
  - Only a limited number of mobile devices can tether to your ASUS Tablet for Internet access.
  - Turn off the tethering feature when you're not using it to help save battery power.
- 

## Wi-Fi Hotspot

Turn your ASUS Tablet into a Wi-Fi Hotspot to link with other devices.

1. Do any of the following to launch the Settings screen:
  - Launch Quick settings then tap .
  - Tap  > **Settings**.
2. Tap **More** > **Tethering & portable hotspot** > **Wi-Fi hotspot** > **Set up Wi-Fi hotspot**.
3. Assign a unique SSID or network name and a strong 8-character password for your Wi-Fi hotspot. When done, tap **Save**.

4. From the Tethering screen, tap **Wi-Fi hotspot** to turn on the Wi-Fi hotspot on your ASUS Tablet.

5. Connect other devices to your ASUS Tablet's hotspot connection the same way you connect to a Wi-Fi network.

## Bluetooth Tethering

Enable Bluetooth on your ASUS Tablet and use it to link with other devices using Share Link, or link to a printer.

1. Enable Bluetooth on your ASUS Tablet and the other device.
2. Pair both devices.

---

**NOTE:** For details, see [Pairing your ASUS Tablet to a Bluetooth® device](#).

---

3. From the Settings screen, tap **More > Tethering & portable hotspot**, then slide **Bluetooth tethering** to turn it on.

## Weather

Get real-time weather updates straight from your ASUS Tablet using the weather app. Using Weather, you can also check other weather details from around the world.

### Launching the Weather app

From your Home screen, launch the Weather app using either of the following options:

- Tap  > **Weather**.
- From your ASUS Tablet's home screen, tap the weather icon.

## Weather home screen

Set up and get your current location's weather updates as well as other parts of the world. You can display the weather updates or daily weather forecast on the Calendar app.

---

**NOTE:** For more details, see [Getting the weather updates](#).

---

Tap to search for a city's weather info

Tap to get the area's current weather info, refresh the weather info, edit the location list, or configure the weather settings

Swipe up to see other weather information.  
Swipe to the left or right to see the weather information of other cities in your location list

# Clock

Customize the time zone settings of your ASUS Tablet, set alarms, and use your ASUS Tablet as a stop watch using the Clock app.

## Launching Clock

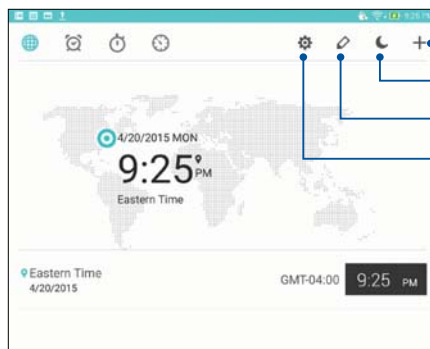

Launch the Clock app using either of the following options:

- Tap  > **Clock**.
- From your ASUS Tablet's home screen, tap the digital clock display.

## World Clock

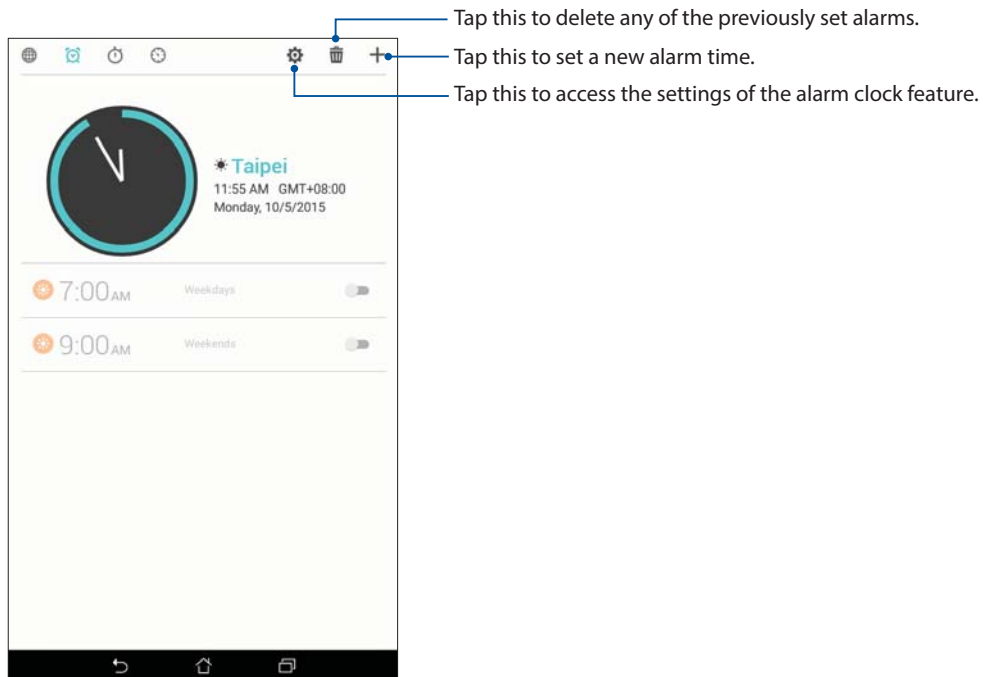

Tap  to access the world clock settings of your ASUS Tablet.

- Tap this to add a new city to mark on your world clock's map.
- Tap this to set your clock on night mode.
- Tap this to edit the cities marked on your world clock.
- Tap this to access the Clock app settings.

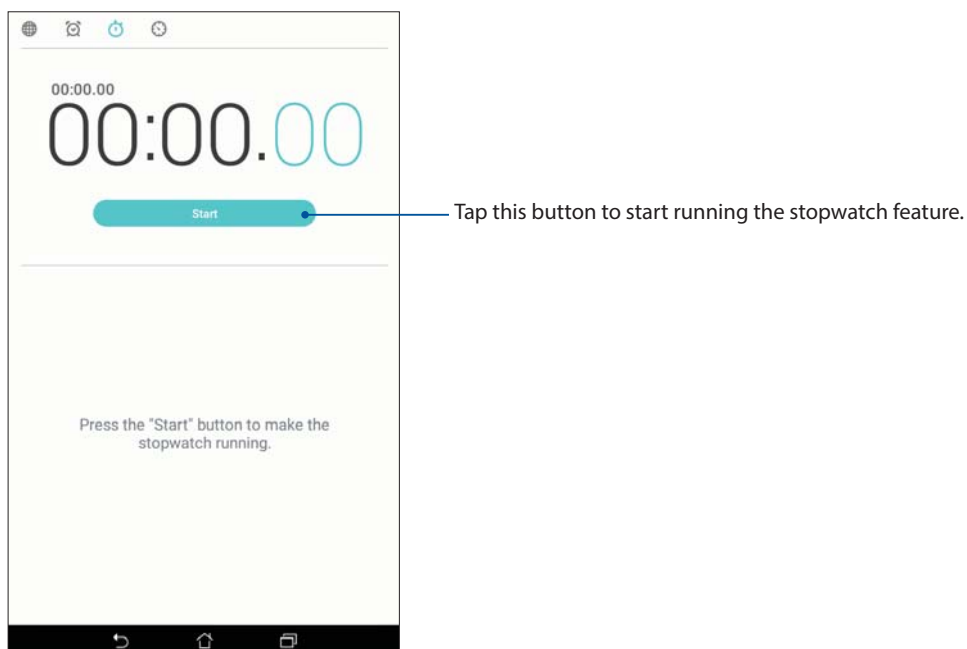

## Alarm clock

Tap  to access the world clock settings of your ASUS Tablet.

## Stopwatch

Tap  to use your ASUS Tablet as a stopwatch.

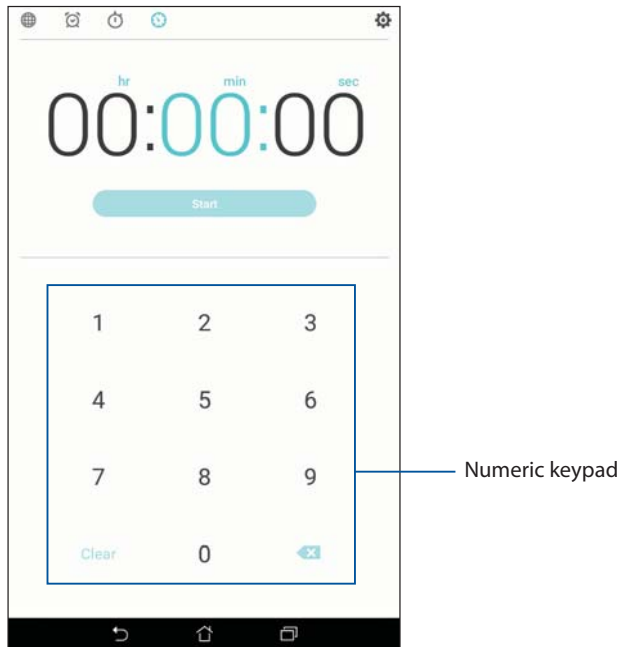

## Timer

You may set multiple timer options for your ASUS Tablet. To do this, follow the steps below.

### Setting the timer

1. Tap  to access the timer feature of your ASUS Tablet.
2. Tap  and use the numeric keypad to input your target time then start the timer.

## Knowing ZenLink

Stay connected with the ASUS-exclusive ZenLink for maximum productivity. With these ZenLink apps, you can connect with other devices to share and receive files.

Your ZenLink comprises of the following apps: Share Link and Remote Link

---

**NOTE:** Some of these ZenLink apps may not be available in your ASUS Tablet.

---

## Share Link

Share and receive files, apps, or media contents with Android mobile devices using Share Link app (for ASUS mobile devices) or SHAREit app (for other mobile devices) via a Wi-Fi hotspot. With this app, you can send or receive files that are larger than 100 MB and lets you share or receive multiple files at the same time. Share Link app sends and receives files faster than using Bluetooth.

## Sharing files

1. From your Home screen, tap **ZenLink > Share Link**.
2. Tap **Send file** then select from the options that appear on your screen.

3. Tap the files that you want to send then tap **Done**.
4. After your ASUS Tablet detects the other devices, tap the device that you want to share your files with.

## Receiving files

To receive files:

1. From your Home screen, tap  then tap **Share Link**.
2. Tap **Receive file** to receive the files from the sender.

## Remote Link

Turn your ASUS Tablet into a wireless input device and a presentation tool. Using this app, you can use your ASUS Tablet as a touchpad, touchscreen panel, laser pointer for presentations, and Windows® Media Player controller while connected to your computer via bluetooth or Wi-Fi.

### NOTE:

- Before using Remote Link, ensure to install Remote Link to your computer. Go to <http://remotelink.asus.com> to download PC Link and install it to your computer.
- Ensure to pair your computer and your ASUS Tablet first before using Remote Link.

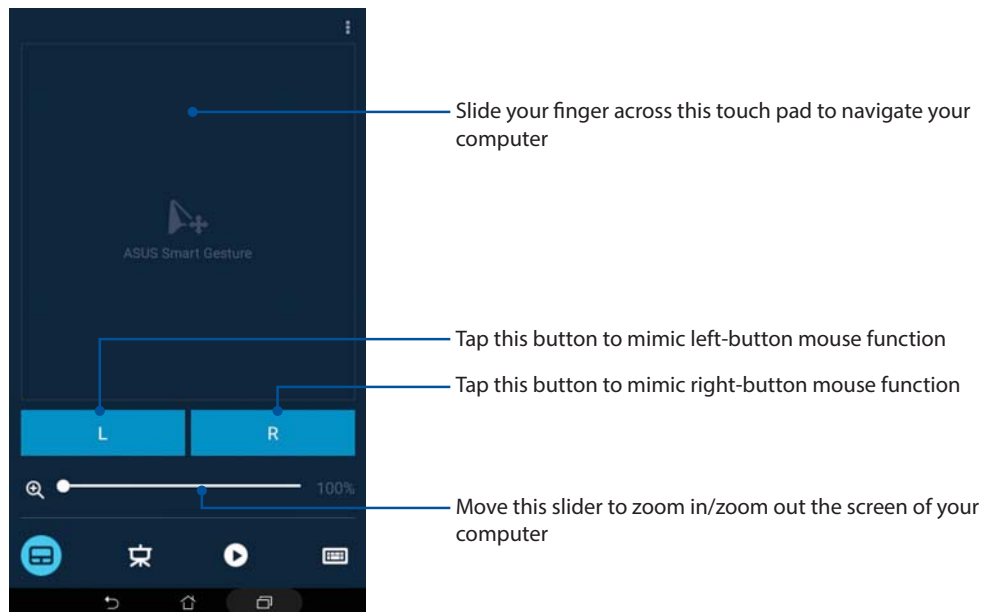

## Using Remote Link

To use Remote Link:

1. From your Home screen, tap  then tap **Remote Link**.
2. Tap **Search device** then select the device that you want to connect.

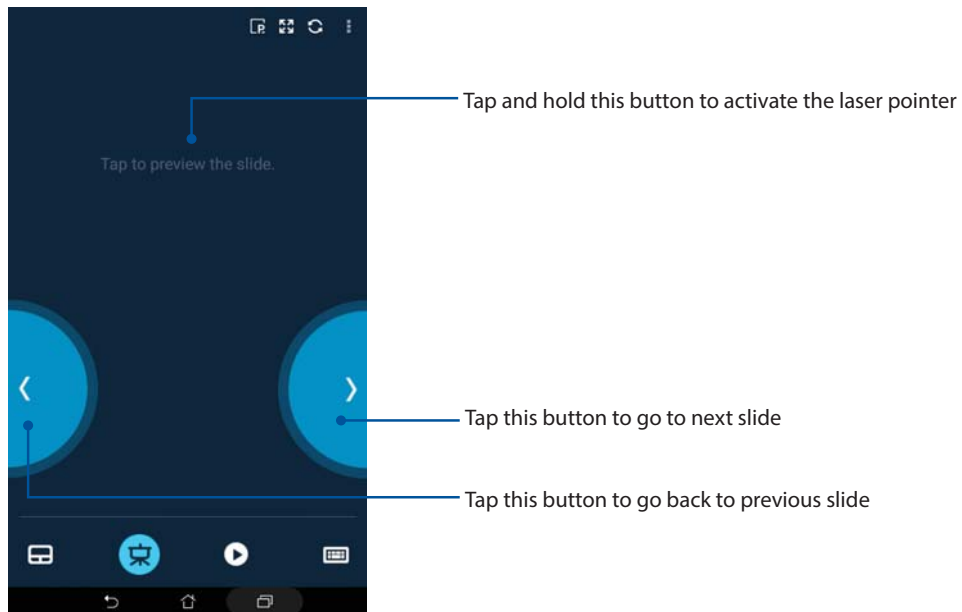

## Remote Link touch pad

Tap  to activate ASUS Smart gesture and navigate your computer.

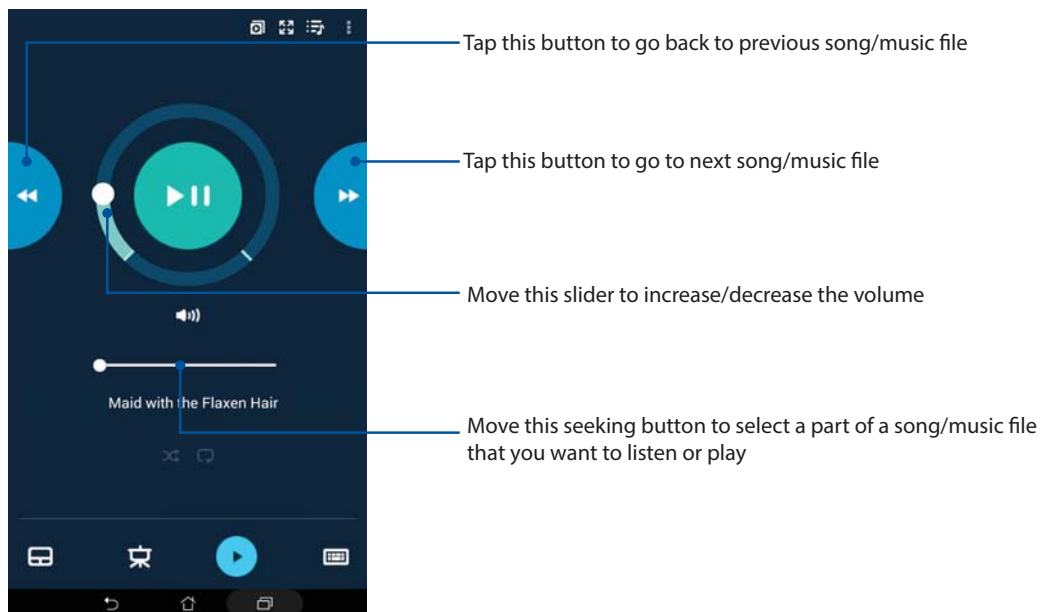

## Remote Link presentation controller

Tap  to control the presentation slides on your computer.

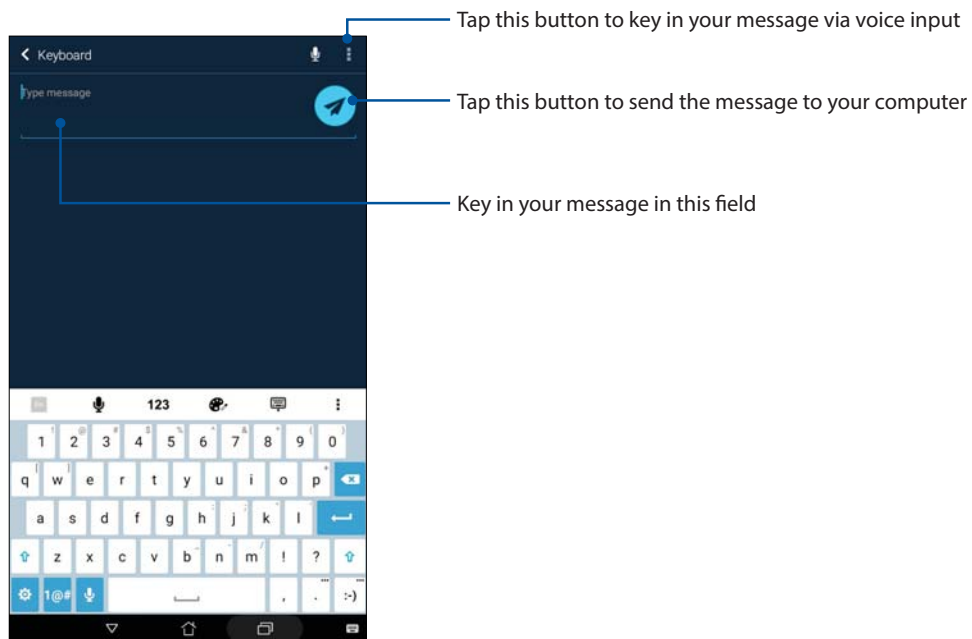

## Remote Link Windows® Media Player controller

Tap  to control the Windows® Media player.

## Remote Link keyboard input

Tap  to use keyboard input. You can also use the microphone icon for voice input.

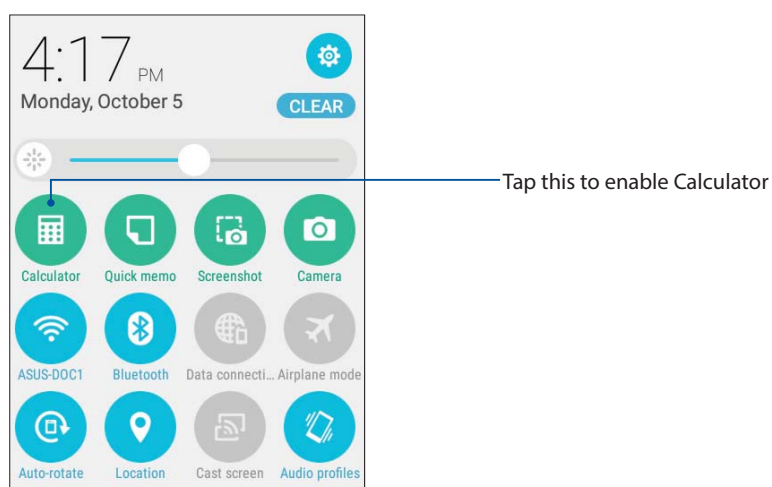

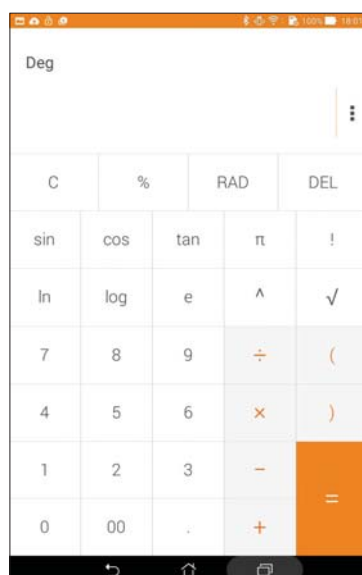

## Special Zen Tools

### Calculator

One-swipe and a tap is all it takes to launch your Calculator. When you open the Quick settings panel, the Calculator icon is there visibly on top of the list. Tap it to get started with your computations.

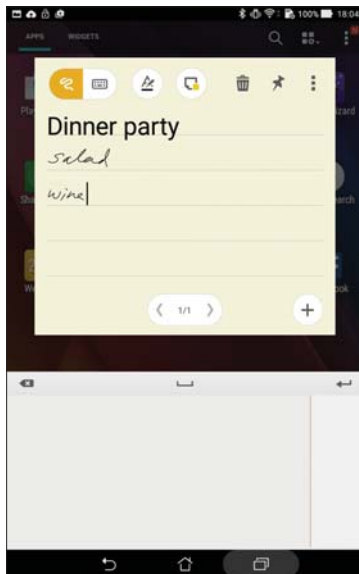

### Calculator screen

## Quick Memo

Quick Memo is a note-taking tool that gives you the freedom to either scribble or type down important notes you need to remember. After creating notes, you can share them via Share Link and social media sites or turn them into a task inside Do It Later.

## Creating a sticky note

You can turn Quick Memo notes into a sticky note so you can view them anywhere on your ASUS Tablet. To create a sticky note, just tap on the pin icon on the upper right corner of Quick Memo after creating your note.

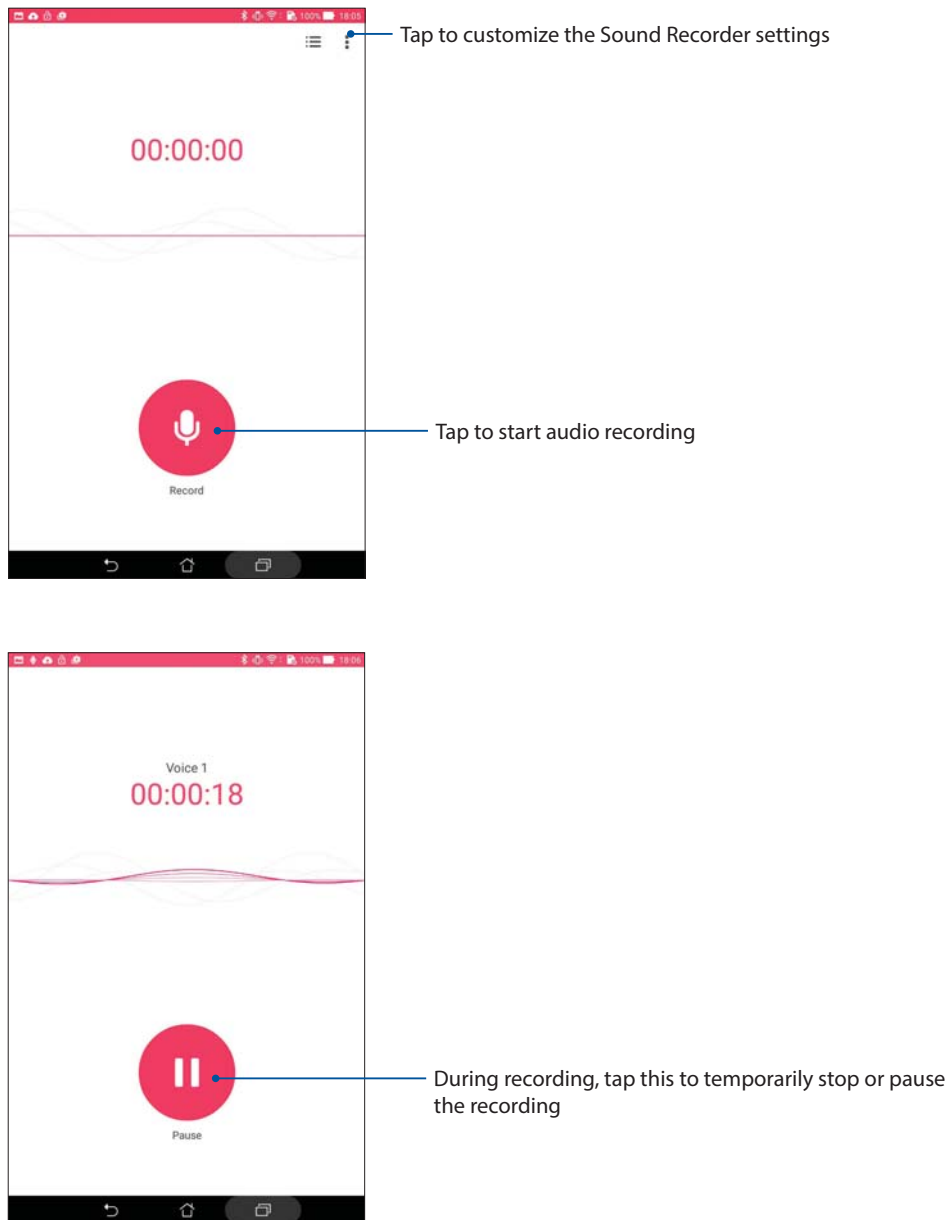

## Sound Recorder

Record audio files using your ASUS Tablet by enabling the Sound Recorder app.

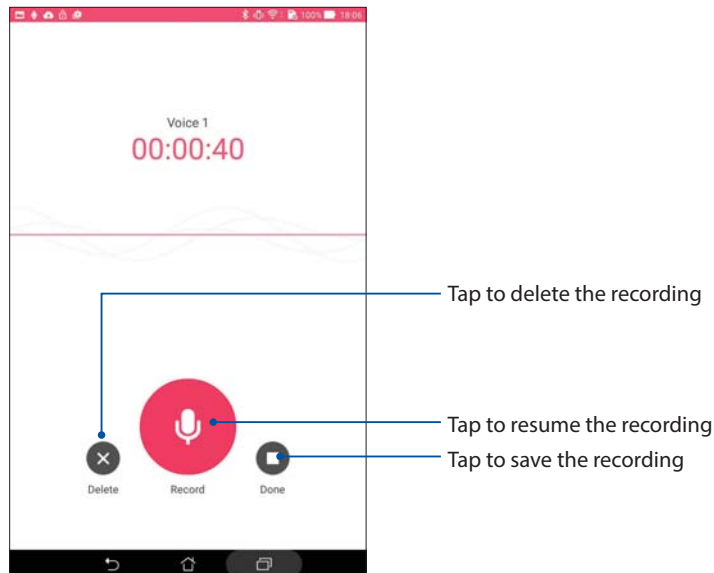

### Launching Sound Recorder

To launch Sound Recorder, tap  > **Sound Recorder**.

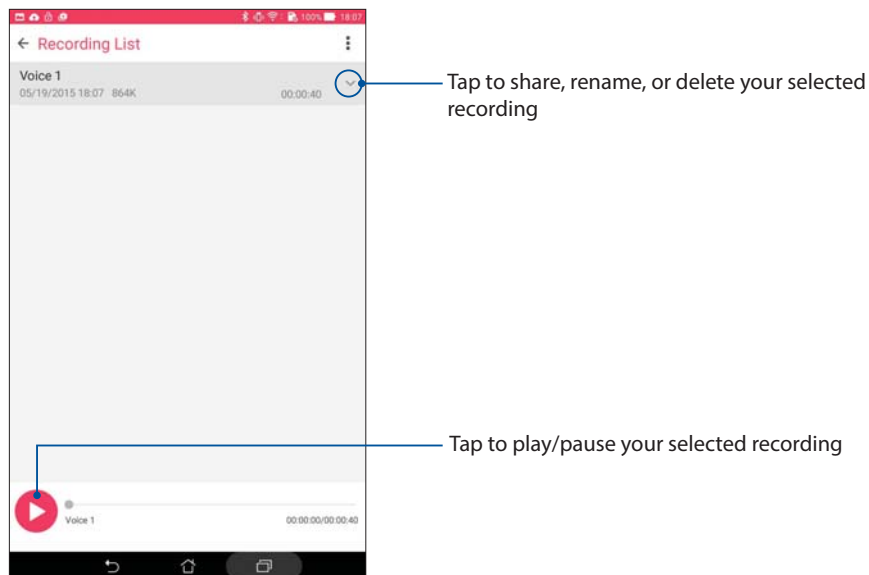

## Pausing a recording

During a paused recording, you can choose to resume, delete, or save the recording.

## Recording List

From the Recording List, you can play, rename, share, or delete a saved audio recording file. View your recording list at the bottom of the sound Recorder main screen.

## Keeping your device up-to-date

Keep your ASUS Tablet in the loop of Android system updates and upgraded apps and features.

### Updating your system

1. Tap  then tap **Settings**.
2. On the Settings screen, slide down to display other items then tap **About tablet**.
3. Tap **System update** then tap **Check Update**.

---

**NOTE:** You can preview the last time your ASUS Tablet's system was updated in the Last check for update section.

---

### Storage

You can store data, apps, or files on your ASUS Tablet (internal storage), on an external storage, or on an online storage. You need an internet connection to transfer or download your files on an online storage. Use the bundled USB cable to copy files to or from the computer to your ASUS Tablet.

### Backup and reset

Back up data, Wi-Fi passwords, and other settings to Google servers using your ASUS Tablet.

1. Tap  then tap **Settings > Backup and reset**.
2. From the Backup & reset window, you can:
  - **Backup my data:** This feature backs up your data, Wi-Fi passwords, and other settings to Google servers when enabled.
  - **Backup account:** Allows you to specify the account you wish to be associated when you save your backup.
  - **Automatic Restore:** This features facilitates restoration of backed up settings and data when you reinstall an app.
  - **Factory data reset:** Erases all data on tablet.

## Securing your ASUS Tablet

Use the security features of your ASUS Tablet to prevent unauthorized access of information.

### Unlocking your screen

When the screen is locked, you can open it with the security unlocking options that the ASUS Tablet offers you.

1. Tap  then tap **Settings > Lock Screen**.
2. Tap **Screen lock** then select an option to unlock your ASUS Tablet.

---

**NOTE:**

- Refer to section **Unlock screen options** for more information.
  - To deactivate the unlock screen option that you set, tap **None** on Choose screen lock screen.
- 

### Unlock screen options

Choose from these options to lock your ASUS Tablet.

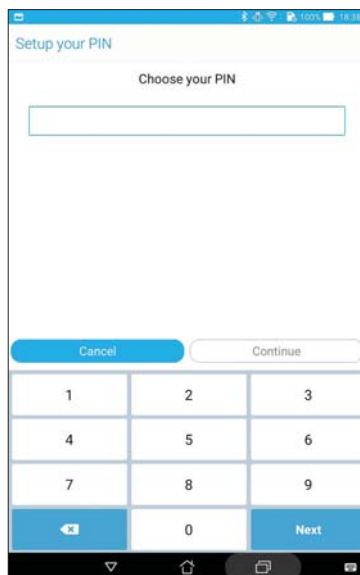

#### Swipe

Swipe up to unlock your ASUS Tablet.

## PIN

Key in at least four numbers to set a PIN.

---

**IMPORTANT!** Ensure to remember the PIN that you created to unlock your device

---

## Pattern

Slide your finger on the dots and create a pattern.

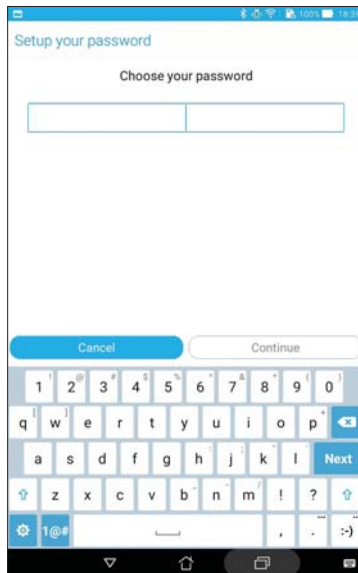

---

**IMPORTANT!** You can create a pattern with a minimum of four dots. Ensure to remember the pattern that you created to unlock your device.

---

## Password

Key in at least four characters to create a password.

---

**IMPORTANT!** Ensure to remember the password that you created to unlock your device.

---

## Configuring the other screen security features

Aside from the mode of screen lock, you can also do the following on the Screen security window:

- **Quick Access:** Slide the Quick Access switch to **ON** to launch apps on the lock screen.
- **Owner info:** Tap this to edit and key in the information that you want to appear even when your screen is locked.

## Setting your ASUS Tablet identity

Know your ASUS Tablet's identity such as serial number, IMEI (International Mobile Equipment Identity) number, or model number.

This is important, as when you lose your ASUS Tablet, you can contact your mobile carrier and provide the information to blacklist the unauthorized use of your ASUS Tablet.

To display your ASUS Tablet's identity:

1. Tap **All Apps** then tap **Settings**.
2. On the Settings screen, slide down to display other items then tap **About tablet**. The About screen displays the status, legal information, model number, operating system version, hardware, and software information of your ASUS Tablet.
3. To see the serial number, SIM contact number (on selected models) and IMEI of your ASUS Tablet, tap **Status**.

# Appendix

## Notices

### EC Declaration of Conformity

This product is compliant with the regulations of the R&TTE Directive 1999/5/EC. The Declaration of Conformity can be downloaded from <https://www.asus.com/support/>.

### Limitation of Liability

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

For DTS patents, see <http://patents.dts.com>. Manufactured under license from DTS Licensing Limited. DTS, DTS-HD, the Symbol, & DTS or DTS-HD and the Symbol together are registered trademarks, and DTS-HD Premium Sound is a trademark of DTS, Inc. © DTS, Inc. All Rights Reserved.

## Prevention of Hearing Loss

To prevent possible hearing damage, do not listen at high volume levels for long periods.

A pleine puissance, l'écoute prolongée du baladeur peut endommager l'oreille de l'utilisateur.

For France, headphones/earphones for this device are compliant with the sound pressure level requirement laid down in the applicable EN 50332-1:2000 and/or EN 50332-2:2003 standard required by French Article L.5232-1.

## CE Mark Warning

**CE 0560**

## CE marking for devices with wireless LAN/ Bluetooth

This equipment complies with the requirements of Directive 1999/5/EC of the European Parliament and Commission from 9 March, 1999 governing Radio and Telecommunications Equipment and recognition of conformity.

The highest CE SAR value for the device is 0.526 W/Kg.

This equipment may be operated in:

AT	BE	BG	CH	CY	CZ	DE	DK
EE	ES	FI	FR	GB	GR	HU	IE
IT	IS	LI	LT	LU	LV	MT	NL
NO	PL	PT	RO	SE	SI	SK	TR

## RF Exposure information (SAR) - CE

This device meets the EU requirements (1999/5/EC) on the limitation of exposure of the general public to electromagnetic fields by way of health protection.

The limits are part of extensive recommendations for the protection of the general public. These recommendations have been developed and checked by independent scientific organizations through regular and thorough evaluations of scientific studies. The unit of measurement for the European Council's recommended limit for mobile devices is the "Specific Absorption Rate" (SAR), and the SAR limit is 2.0 W/Kg averaged over 10 gram of body tissue. It meets the requirements of the International Commission on Non-Ionizing Radiation Protection (ICNIRP).

For next-to-body operation, this device has been tested and meets the ICNRP exposure guidelines and the European Standard EN 50566 and EN 62209-2. SAR is measured with the device at a separation of 1.0 cm to the body while transmitting at the highest certified output power level in all frequency bands of the mobile device.

## India RoHS

This product complies with the "India E-waste (Management and Handling) Rule 2011" and prohibits use of lead, mercury, hexavalent chromium, polybrominated biphenyls (PBBs) and polybrominated diphenyl ethers (PBDEs) in concentrations exceeding 0.1% by weight in homogenous materials and 0.01% by weight in homogenous materials for cadmium, except for the exemptions listed in Schedule-II of the Rule.

## Power Safety Requirement

Products with electrical current ratings up to 6A and weighing more than 3Kg must use approved power cords greater than or equal to: H05VV-F, 3G, 0.75 mm<sup>2</sup> or H05VV-F, 2G, 0.75 mm<sup>2</sup>.

## ASUS Recycling/Takeback Services

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for you to be able to responsibly recycle our products, batteries, other components as well as the packaging materials. Please go to <http://csr.asus.com/english/Takeback.htm> for detailed recycling information in different regions.

## Coating notice

---

**IMPORTANT!** To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.

---

## Green ASUS notice

ASUS is devoted to creating environment-friendly products and packaging to safeguard consumers' health while minimizing the impact on the environment. The reduction of the number of the manual pages complies with the reduction of carbon emission.

For the detailed user manual and related information, refer to the user manual included in the ASUS Fonepad or visit the ASUS Support Site at <https://www.asus.com/support/>.

## Regional notice for Singapore

Complies with  
IDA Standards  
DB103778

This ASUS product complies with IDA Standards.

## Proper disposal

**Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.**

DO NOT throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

DO NOT throw the ASUS Tablet in municipal waste. This product has been designed to enable proper reuse of parts and recycling. The symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

DO NOT throw the ASUS Tablet in fire. DO NOT short circuit the contacts. DO NOT disassemble the ASUS Tablet.

# EC Declaration of Conformity

We, the undersigned,

Manufacturer:	ASUSTeK COMPUTER INC.
Address:	4F, No. 150, LI-TE Rd., PEITOU, TAIPEI 112, TAIWAN
