You can find accessories for your phone at att.com/WirelessAccessories or visit your local AT&T store.

## Home Screen

**Phone Status Notifications** — Flick this bar down for details.

**Widgets** — Touch to open Touch & hold to move items (or show options in lists)

**Drag** or **flick** to open panels (or scroll in lists)

Open the app menu

The home screen gives you all your latest information in one place. It's what you see when you turn on the phone or touch Home from a menu.

If your screen goes to sleep, press Power to wake it up.

In your home screen:

- To **open** something, touch it. Touch Home to return to the home screen.
- To **change** widget options (if available), open the widget and touch Menu. You can choose an account in messaging widgets.
- To **resize** a **Motorola widget**, touch and hold it until you feel a vibration, then release. Drag a corner to resize.
- To **add** something to the screen, touch and hold an empty spot until the menu opens—you can add shortcuts, widgets, or folders, or change wallpaper.
- To **move** or **delete** something, touch and hold it until you feel a vibration, then drag it to another place, another panel, or to the trash can.

**Touch & hold** then drag to move

Drag a widget or icon here to delete it from your screen
You can use the touchpad to select small items in the display (like a small link on a web page), or control a game without blocking your view. Just flick across the pad to scroll or move, and press the pad to select.

## Text Entry

When your phone is closed, you can open a display keypad by touching a text field, or touching and holding Menu. To close the keypad, touch Back.

Touch to open the touchscreen keypad

**Delete**
**New line**
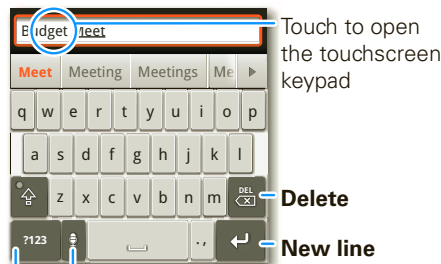

**Voice Recognition** — Touch this, then speak the recipient's name or the text message

**Symbols/Numbers**

## Voice Input & Search

You can touch the voice icon on the display keypad to speak text or names.

To use voice dial, touch 📞 **Dialer** >. Then, say a phone number or a name from your **Contacts**.

To search by voice, touch the voice icon on a Search widget or open your phone to press and hold Search on the keypad.

To change search settings, touch Menu > **Settings** > **Search**.

**Text Search** — Type, then touch

**Voice Search** — Touch, then speak

## Ringtones & Settings
